

## Southern Community Engagement Forum Partnership Board

---

Venue: Committee Room, Civic Centre, Selby, YO8 9FT.

Date: Wednesday 11 October 2017

Time: 6.30pm

To: District and County Councillors  
Councillors M Jordan (Chair), C Lunn, J McCartney,  
Mrs M McCartney, C Pearson, Mrs D White and D Peart.

Co-opted members  
Jack Burbridge, Fiona Conor, Jack Davie, Gillian Ivey, Steve  
Laurenson, Dave Perry, Kathleen Walton and Keith Westwood.

---

### 1. APOLOGIES FOR ABSENCE

### 2. DISCLOSURES OF INTEREST

A copy of the Register of Interest for each Selby District Councillor is available for inspection at [www.selby.gov.uk](http://www.selby.gov.uk).

Board members should declare to the meeting any disclosable pecuniary interest in any item of business on this agenda which is not (in the case of Selby District Councillors) already entered in their Register of Interests.

Board members should leave the meeting and take no part in the consideration, discussion or vote on any matter in which they have a disclosable pecuniary interest.

Board members should also declare any other interests. Having made the declaration, provided the other interest is not a disclosable pecuniary interest, the member may stay in the meeting, speak and vote on that item of business.

If in doubt, Board members are advised to seek advice from the Monitoring Officer.

### **3. MINUTES**

To confirm as a correct record the minutes of the Southern CEF Partnership Board held on 27 July 2017, and the Extraordinary Partnership Board held on 6 September 2017 (pages 4 to 11 attached).

### **4. SOUTHERN CEF PARTNERSHIP BOARD MEMBERSHIP**

To review the current membership of the Southern CEF Partnership Board.

### **5. CHAIR'S REPORT**

To consider any reports and updates from the Chair (oral update), and to note the Chair's report to Council on 19 September 2017 (pages 12 to 15 attached).

### **6. COMMUNITY DEVELOPMENT PLAN**

To consider progress and developments relating to the Southern CEF Community Development Plan (pages 16 to 27 attached).

### **7. MARKETING AND PUBLICITY**

To discuss ideas to promote the Southern Community Engagement Forum.

### **8. POOL OF SITES CONSULTATION**

To provide comments to Planning Officers from Selby District Council in relation to the Pool of Sites Consultation.

### **9. BUDGET UPDATE**

To consider the Southern CEF budget (page 28 attached).

### **10. FUNDING APPLICATIONS**

To consider the following funding applications received, with reference to the funding framework (pages 29 to 44 attached):

10.1	Applicant:	Carlton Towers Cricket Club
	Project:	Equipment Focus Scheme
	Amount:	£11,883

### **11. IMPACT REPORTS**

To consider the following completed impact reports:

- West Haddlesey Parish Meeting (pages 45 to 48 attached)

## 12. NEXT MEETING

To confirm the dates and location of the next Southern CEF Partnership Board and Forum meetings.

<b>Dates of next meetings</b>	
Thursday 7 December 2017 6.30pm	Forum Venue TBC
Thursday 11 January 2018 6.30pm	Partnership Board Committee Room, Civic Centre

Gillian Marshall  
Solicitor to the Council

For enquires relating to this agenda, please contact Alice Courtney, Democratic Services Officer on 01757 705101 or email [acourtney@selby.gov.uk](mailto:acourtney@selby.gov.uk).

## Minutes

### Community Engagement Forum Partnership Board (Southern)

---

Venue:	Committee Room, Civic Centre, Selby
Date:	Thursday 27 July 2017
Time:	7.00 pm.
Present:	<u>District and County Councillors</u>  Councillors M Jordan (Chair), C Lunn, C Pearson, D Peart and Mrs D White.  <u>Co-opted Members</u>  F Conor, G Ivey, S Laursen, D Perry and K Westwood
Apologies:	None
Officers present:	Chris Hailey-Norris, Association of Voluntary Service (AVS) Development Officer; Alice Courtney, Democratic Services Officer (Selby District Council) and Daniel Maguire, Democratic Services Officer, (Selby District Council).
Others present:	Michael Senior, Eggborough Parish Council and 4 applicants representing the 2 funding applications.
Public:	0

---

#### 1. DISCLOSURES OF INTEREST

Councillor White recorded a personal interest as she was the Ward Councillor for Whitley, which was the location of Cridling Stubbs Village Hall, who had submitted a funding application to be considered by the Partnership Board.

## 2. MINUTES

The Partnership Board considered the minutes of the Southern CEF Partnership Board meeting held on 20 April 2017.

### RESOLVED:

**To approve the minutes of the Southern CEF Partnership Board held on 20 April 2017 for signature by the Chair.**

## 3. CONFIRMATION OF CEF CHAIR

The Partnership Board noted the appointment of Councillor Mike Jordan as the Chair of the Southern CEF for the municipal year 2017/18.

### RESOLVED:

**To note the appointment of Councillor Mike Jordan as Chair of the Southern CEF for the municipal year 2017/18.**

## 4. APPOINTMENT OF CEF VICE CHAIR

The Partnership Board proposed the appointment of Councillor Dave Peart as Vice-Chair of the Southern CEF for the municipal year 2017/18.

### RESOLVED:

**To appoint Councillor Dave Peart as Vice-Chair of the Southern CEF for the municipal year 2017/18.**

***At this point in the meeting the Chair proposed that the order of the agenda be amended to allow the funding applications to be considered first. This was agreed by the Partnership Board.***

## 5. FUNDING APPLICATIONS

The Partnership Board considered the following funding applications:

### **Cridling Stubbs Village Hall**

The application was for £5,000 to improve and complete works started, and subsequently abandoned, on the roof of the Village Hall in November 2016. The applicants circulated photographs to the Partnership Board of the Village Hall roof in its current state. The applicants explained that the works had commenced under old management, which had resulted in the Village Hall accounts being in a poor state.

In response to questions, the applicants stated that the previous poor management of the Village Hall would not continue under the new management, and they highlighted that they were keen to bring the Village Hall up to standard to benefit the community.

In response to questions about the amount of funding applied for, the applicants stated that there had been two quotes for the proposed work, one at £4,950 for the entire roof to be improved and completed, and one at £3,730 for the completion of the roof without improvements on the existing roof.

***At this point in the meeting, the two representatives for the Cridling Stubbs Village Hall funding application left the room and did not return.***

The Partnership Board considered the application in line with the Funding Framework. There was concern over the management of the Village Hall, and it was proposed to appoint Dave Perry to manage and oversee the project to completion and the full amount of £5,000 to be granted.

**RESOLVED:**

**To approve £5,000 funding to Cridling Stubbs Village Hall on the conditions that Dave Perry should manage/oversee the project.**

### **Selby parkrun**

The application was for £5,000 to set up a 'parkrun' in the Selby area. The applicants highlighted that £3,000 of this would go to, and be matched by, the national parkrun organisation for set-up costs, and £2,000 would be for other costs including a portable defibrillator and various other equipment.

The applicants explained that the concept of parkrun was to hold a 5km run every Saturday morning that was free of charge and promoted for all within the community. The applicants explained that they thought that Selby could support its own parkrun due to similar sized locations demonstrating demand.

In response to a query regarding the application, the applicants stated that they had applied to the Southern CEF for funding because the parkrun would be based near Burn Airfield. The Partnership Board questioned whether the applicants should seek some funding from the other CEFs due to the parkrun being open for residents living across the district.

In response to a query concerning access to the site, the applicants explained that since the funding application was submitted, an agreement had been reached with Burn Gliding Club and Websters Farm regarding access to the site.

***At this point in the meeting, the two representatives for the Selby parkrun funding application left the room and did not return.***

The Partnership Board considered the application in line with the Funding Framework. It was proposed to approve £2,500 of funding towards the application and to recommend that the applicants discuss alternative funding options with the AVS Development Officer.

**RESOLVED:**

**I. To approve £2,500 funding to Selby parkrun.**

- II. **To ask the AVS Development Officer to discuss alternative funding options with the applicants.**

## **6. APPOINTMENT OF FUNDING SUB-COMMITTEE**

The Partnership Board proposed to appoint a Funding Sub-Committee for the municipal year 2017/18 comprised of 5 members: Fiona Conor, Steve Laurenson, Councillor Chris Pearson, Councillor Dave Peart and Dave Perry.

### **RESOLVED:**

**To appoint Fiona Conor, Steve Laurenson, Councillor Chris Pearson, Councillor Dave Peart and Dave Perry to the Funding Sub-Committee of the Southern CEF.**

## **7. MEETING START TIMES**

The Partnership Board considered start times for the meetings of the Southern CEF Partnership Board and the Funding Sub-Committee. It was agreed that the Funding Sub-Committee would meet at 6pm, followed by the Partnership Board meeting at 6.30pm for the municipal year 2017/18.

### **RESOLVED:**

**To agree the meeting start times for the municipal year 2017/18 as 6pm for the Funding Sub-Committee and 6.30pm for the Partnership Board.**

## **8. CHAIR'S REPORT**

There were no reports or updates from the Chair.

## **9. FINANCE REPORT**

The Partnership Board considered the finance report, and questioned when the £5,000 loan to Thorpe Willoughby Sports Club would be repaid. It was agreed that Officers would chase this up with the legal team.

### **RESOLVED:**

- I. **To note the finance report.**
- II. **To ask Officers to chase up the details of the Thorpe Willoughby Sports Club loan with the legal team.**

## **10. COMMUNITY DEVELOPMENT PLAN**

The Partnership Board considered the progress and developments relating to the Community Development Plan. The AVS Development Officer stated that all project groups had submitted a progress report.

**RESOLVED:**

**To note progress and developments relating to the Community Development Plan.**

**11. MARKETING AND PUBLICITY**

The Partnership Board discussed ideas to promote the Southern CEF. It was suggested that a Southern CEF Facebook page should be created, however the Democratic Services Officer stated that as the CEF was under the responsibility of Selby District Council, all CEF communications would go through the Council and its social media channels.

The Partnership Board discussed the possibility of plaques displayed at organisations that had received funding from the Southern CEF.

**12. IMPACT REPORTS**

The Partnership Board considered the completed Impact Reports and project updates. The AVS Development Officer noted the importance of ensuring that the timeline was right, and that Impact Reports were sent at the end of projects.

**RESOLVED:**

**To note the Impact Reports.**

**13. NEXT MEETING**

The Partnership Board confirmed the date and location of the next Partnership Board meeting to be Wednesday 11 October 2017 at the Civic Centre, Selby. It was confirmed that the next Southern CEF Forum would take place on Wednesday 6 September 2017 at 6.30pm at Hambleton Village Hall, and Board members were asked to consider the location of the Southern CEF Forum on Thursday 7 December 2017.

**RESOLVED:**

- I. To confirm the next Partnership Board meeting as Wednesday 11 October 2017 at 6.30pm at the Civic Centre, Selby.**
- II. To confirm the next Southern CEF Forum as Wednesday 6 September 2017 at 6.30pm at Hambleton Village Hall.**
- III. To ask Board members to consider the location of the Southern CEF Forum on Thursday 7 December 2017.**

The Chair closed the meeting at 8.43 p.m.

# Minutes

## Community Engagement Forum Extraordinary Partnership Board (Southern)

---

Venue:	Hambleton Village Hall, 3 Station Road, Hambleton, YO8 9HS
Date:	Wednesday 6 September 2017
Time:	6.00 pm.
Present:	<u>District and County Councillors</u>  Councillors M Jordan (Chair), C Lunn, D Peart and Mrs D White.  <u>Co-opted Members</u>  G Ivey, S Laurenson, D Perry and K Westwood.
Apologies:	F Conor.
Officers present:	Chris Hailey-Norris, Association of Voluntary Service (AVS) Development Officer; Angela Crossland, Head of Community, Partnerships and Customers (Selby District Council); Palbinder Mann, Democratic Services Manager (Selby District Council); and Alice Courtney, Democratic Services Officer (Selby District Council).
Public:	0

---

### 14. DISCLOSURES OF INTEREST

Councillor White declared that she was the Ward Councillor for Whitley, the location of Cridling Stubbs Village Hall, which was the subject of the funding discussion for the Extraordinary Partnership Board meeting.

### 15. PARTNERSHIP BOARD REPORT – CRIDLING STUBBS VILLAGE HALL

The report was presented by the Head of Community, Partnerships and Customers, who highlighted that officers had undertaken further investigation into Cridling Stubbs Village Hall due to concerns about previous funding given to support works to improve the roof of the Village Hall. The Partnership Board were

informed that it had been decided by officers that a further level of due diligence was required to ensure that the grant could be appropriately awarded and that value for money was achieved.

In response to questions from the Partnership Board on how structurally sound the Village Hall was in its current state, the Head of Community, Partnerships and Customers referred to the report, highlighting that two possible options had been recommended by officers:

- The first option was to award funds to be used for a conditions survey of the building upon receipt of quotes from the Village Hall Committee. The outcome of the survey would be shared with the Partnership Board and officers within Selby District Council.
- The second option was to grant funds to the Village Hall Committee to be used for legal support, upon receipt of quotes from the Village Hall Committee. This would support the Village Hall Committee in relation to the pursuit of monies paid to the previous contractor responsible for the sub-standard works on the Village Hall.

*At this point in the meeting, Dave Perry entered the room.*

The Partnership Board queried whether the Village Hall Committee had attempted to reclaim the money from the previous contractor. The Head of Community, Partnerships and Customers explained that the current Village Hall Committee had alerted North Yorkshire Trading Standards (NYTS) with concerns about the quality of the contractor's work. As a result, NYTS were conducting their own investigation; however they would not be involved in reclaiming the money as this was outside their remit. It was then confirmed that no other steps had been taken by the current Village Hall Committee to reclaim the money from the previous works.

In relation to Option 1 of the report, the Partnership Board questioned the need for a conditions survey of the Village Hall. Concerns were also raised that the conditions survey would lead into the winter months and the building would be put at risk by poor weather conditions.

The AVS Development Officer outlined the current state of the building, and highlighted that a conditions survey would allow the full scale of the problems relating to the Village Hall to be identified. It was also noted that if carried out, the conditions survey could act as evidence for the new Village Hall Committee in reclaiming the money from the previous roof work.

The Chair proposed Option 1 as outlined in the report, as it was felt that this was the most viable option to ensure that the money was spent wisely. It was agreed that once a quote for the conditions survey was obtained then this would be run by the Chair. The Chair also suggested that the Partnership Board be kept informed of progress.

*At this point in the meeting, Steve Laurenson entered the room.*

**RESOLVED:**

**To accept Option 1 of the officer recommendations to agree that a full conditions survey be undertaken however the Chair be notified of the quote before the funding is released.**

The Chair closed the meeting at 6.18 p.m.

---

## Southern CEF Annual Impact Report 2016-17

### Chair's Foreword

It has been great to see the variety of people engaging with the Southern CEF. We began a successful campaign to hear from community groups about the difference they would like to make. This has led to the CEF funding 6 projects that combined will make an impact across all of the villages in our area.

At the same time we have continued to host a series of public forums enabling residents to find out about key issues affecting their lives.

Thank you to everyone who has contributed to the success of the Southern CEF.

Cllr Mike Jordan, Chair Southern CEF Partnership Board

### Introduction

Community Engagement Forums are a collaboration between a range of partners including the District Council, County Council, Town council, Parish Councils, Police, Fire and Rescue Service, local businesses and community groups along with individual residents.

This rural area comprises of the following parishes: Balne, Beal, Burn, Camblesforth, Carlton, Chapel Haddlesey, Criddling Stubbs, Drax, Eggborough, Gateforth, Heck, Hambleton, Hensall, Hirst Courtney, Kellington, Kirk Smeaton, Little Smeaton, Long Drax, Newland, Stapleton, Temple Hirst, Thorpe Willoughby, Walden Stubbs, West Haddlesey, Whitley and Womersley

### Partnership Board Work

Our Community Development Plan has continued to focus on 3 key areas;

- Youth Service Provision
- Addressing Loneliness and Isolation
- Increasing access to community transport for residents

As well as specific activities taken place the CEF has also created a series of Public Forums and funding a range of new projects to address these themes.

### Grants Awarded

Through the year the CEF Partnership Board has considered and awarded a range of grants to local initiatives that enhance the work of their Community Development Plan. This year a total of £41,415 has been awarded.

**Southern Community Engagement Forum**

## FUNDING OPPORTUNITY TO DEVELOP COMMUNITY PROJECTS

The Southern CEF is a partnership of District, County and Parish Councils working with community organisations and residents.

Our area includes the parishes of: Balne, Beal, Burn, Camblesforth, Carlton, Chapel Haddlesey, Criddling Stubbs, Drax, Eggborough, Gateforth, Heck, Hambleton, Hensall, Hirst Courtney, Kellington, Kirk Smeaton, Little Smeaton, Long Drax, Newland, Stapleton, Temple Hirst, Thorpe Willoughby, Walden Stubbs, West Haddlesey, Whitley and Womersley

We wish to fund a number of initiatives to address issues facing residents across the Southern CEF area and have a pot of:

# £25,000 AVAILABLE

**KEY FOCUS AREAS INCLUDE:**

- Loneliness and isolation
- Addressing the needs of carers
- Providing activities for children, young people and families

If you have an idea that you would wish to develop and are looking for funding between £2,000 - £10,000 support will be available from Selby District AVS to prepare your proposal.

This will be followed by a funding event on Thursday 8th December 2016, to present your idea for decision by the Southern CEF partnership board.

To register your interest and arrange a meeting with AVS please email:

[jjenkinson@selby.gov.uk](mailto:jjenkinson@selby.gov.uk)

Closing date for registration 31st October 2016

This is a fantastic opportunity to make a lasting difference, we hope you will take part.

### **Bee-Able, Youth Activity Days, £1,590**

The key outcome is to provide 4 free activity days covering the Southern CEF area, to enable any young person of any ability between the age of 8 and 16 years to attend a supervised activity event during school holidays. We wanted to get the young people engaged in sporting activities, bike maintenance, craft activities and socialising with peer groups not necessarily from their local area.

We held an event at Eggborough village hall to ask the young people what they would like to see in the development plan for young people. All the young people were interested in having events to attend during the school holidays, sports, craft, socialising with peers, mobile movie event.

We received such a positive response from parents, with one parent saying “how lovely it was to see young people joining in team games, taking turns, and socialising without having a phone or iPad attached to them”.

The poster features the Bee-Able logo at the top, which includes a bee icon and the text 'Bee-Able reaching your potential'. Below the logo is a photograph of three children looking at something together. The text on the poster reads: 'Free Youth Activity Days. Funded by the Southern Community Engagement Forum (CEF) and supported by Bee-Able.' It lists four activity days: 1st activity day: Drax village hall on Monday the 8th of August 2016; 2nd activity day: Hensall village hall Monday 22nd of August 2016 (venue to be confirmed); 3rd activity day: Hambleton village hall, February half term 2017 (venue and date to be confirmed); 4th activity day: Eggborough village hall or social club May half term 2017 (venue and date to be confirmed). It also states 'Times of groups will be: 10am to 6pm Age 8 years to 16 years' and 'The activity days will be free of charge and a buffet lunch will be provided.' A list of activities includes: 'Activity's will include: York City Knights (Rugby training), Magic and circus skills, Bikes/bikes, provided by Positive Youth, bring your bike, learn how to maintain it/try a new bike/learn road safety while biking/can you ride a bike? Interactive talks from - police, FireBasic First Aid & Mobile Cinema.' At the bottom, it says 'Booking 1 month prior to each event is essential, YOU CANNOT JUST TURN UP WITHOUT BOOKING. To book a place on any of the events contact us: Email: bee-able@hotmail.com Visit: www.bee-able.co.uk Call: Lesley Senior/Harron Senior - 01547 088777 - 01549 718770'. The Bee-Able logo is repeated at the bottom left, and the website 'www.bee-able.co.uk' and 'a community interest company C.I. No. 8668956' are at the bottom right.

### **Positive Youth CIC, £1,000**

Charlee Bewsher, Director Positive Youth CIC, informed the Sub-Committee that the application was for £1000.00 to expand the work of a Bike Library project, purchase cycle helmets and to enable the organisation to work with groups of young people to provide them with the opportunity to develop skills and knowledge in bicycle maintenance and personal road safety.

### **Eggborough Methodist Church, Chairs for Change, £1,000**

90 new replacement chairs have been purchased enabling the newly restored church to accommodate larger groups and functions increasing their ongoing financial sustainability.

### **Selby and Goole Community Pride Awards, £250**

The Southern CEF took the opportunity to sponsor the Selby and Goole Community Pride Awards - Volunteer of the Year Award. This provided the opportunity to promote the work of the CEF and funding grants available through the awards website, promotional articles in the Selby Times and at the awards ceremony.

### **Horton Housing Association, Celebrating GRTS history Month, £570**

To provide a Gypsies, Roma, Travellers, and Showpeople (GRTS) celebration for GRTS History Month. The funding enabled engagement with different generations of the GRTS community, to extend knowledge and understanding of GRTS culture and promote understanding and value of the cultural diversity and commonality. The focus of the celebration was based around the culture and traditions around cooking and recipes.

### **West Haddlesey Parish Meeting, fencing project, £2,700**

Funding provided to install 3ft lowlevel 'birdsmouth' fencing. This will address the tendency for drivers to speed up in the area and improve the overall appearance of the village.

### **Cridling Stubbs Village Hall, £2,750**

To fix a leak in the roof of Cridling Stubbs Village Hall that was jeopardising the use of the facility and planned community events.

### **Carlton-in-Snaith Community Primary School £3,750**

Funding to provide a 'community hub' which will be used for 'meetings, learning, communicating, inspiring, connecting and motivating; in addition to lending a book'. The funding will improve the facility and provide a space where members of the community could interact with each other and learn from/support each other.

### **Selby Community Recycling and Arts Project (SCRAP) £911**

Funding to assist with the start-up costs of the SCRAP project, that will create work opportunities for people with learning disabilities.

### **Selby Swans Gymnastics Academy £1,000**

Funding a coach to provide 38 weeks training for 4 hours a week. The Academy is oversubscribed and the funding will be used to open the Academy on an additional evening and reduce the waiting list to join.

### **Burn Events Group – Burn Media Project £800**

To purchase a projector and screen, and pay for room hire to provide regular community slide shows and educational talks, benefitting residents and assisting to address loneliness and isolation.

### **Training for Employment Yorkshire C.I.C, £4,986**

Project funding to develop the entrepreneurial skills of a minimum of twelve young adults. The project would be collaborative, combining Training for Employment workshops, guest speakers and a quarterly Southern CEF Enterprise Club and networking opportunities.

### **Selby District Vision £3,919**

To provide 24 interactive sessions throughout the Southern CEF area. The aim of the sessions was to promote the work of Selby District Vision, provide information to residents about visual awareness and to raise awareness of support available.

Selby District Vision will work with the Yorkshire Energy Doctor at events to increase awareness and raise the profile of the organisation.

### **Yorkshire Energy Doctor CIC £4,914**

To fund the provision of 20 days of support work in Southern CEF villages, promotion, printing costs, and room hire for the roadshow to run a series of events to deliver advice on reducing energy costs. Work would be undertaken with all interested parish councils to devise a plan to engage residents in their area and to organise and publicise activities.

### **Hambleton Village Hall £6,000**

To provide a themed 'cinema club' for three hours every Saturday morning for 12 months, at the end of the cinema session families will be able to take part in a monthly activity - mixing cinema with fun activities, talks, presentations and the development of local support and friendship networks.

### **Children's Reading Festivals £1,000**

To purchase books for children as part of Selby Children's Reading Festival, held 23-25 March 2017 at Selby Abbey and ten Selby schools would be invited to attend. All children from each school will be invited to experience a read - aloud interactive session with an author relevant to their age group. The funding will be used to purchase books that would be given to the children attending the event.

## Horton Housing Community Café Network £3,350

To fund the cost of a block booking for a minibus to establish a pick up/drop off route from surrounding villages to the Eggborough weekly Community Café sessions and through a recruitment exercise, identify and recruit new volunteer drivers in the south Selby rural area to join the passenger car scheme. The funding will be used to pay for transport provision for 12 months.

## Selby Boxing Academy £925

Funding to purchase new equipment for the boxers to use in the gym and to part fund training for coaches who volunteer at the club.

## Public Forums

During the year 3 public events have been held providing the opportunities for local residents to find out more about local initiatives. At each forum we have a "Market Place" area with stalls staffed by North Yorkshire Police, Highways, Selby District Council and Community organisations. This provides a wonderful opportunity for residents to discuss the issues that affect them with the appropriate organisation. Topics this year have included;

### Caring for Carers June 2016

This interactive session allowed attendees to learn about the work of Carers Count, the Selby Parish Nurses, Dementia Support Services and the Social Prescribing Service. Discussion included how to access services, the impact they were making and future development plans.

**Southern Community Engagement Forum**

### Caring for Carers

An opportunity to receive practical support and information about the range of services available for carers and the people they care for within the community, how they can assist and how to access them.

You are warmly invited to the Southern CEF Public Forum

**FREE EVENT!**  
Thursday 9th June 2016

6:30pm Thursday 9th June 2016  
At Eggborough Sports & Social Club, Eggborough, DN14 0UZ

Put your questions to our panel  
Dawn Theaker, Service Manager, Carers Count Selby District  
Amanda Stevens, Senior Dementia Support Advisor, Dementia Forward  
Richard Gregory, Practice Manager, Selby District Social Prescribing Service

Also an opportunity to speak to your Councillors, staff from Selby District Council, North Yorkshire Highways, Police, Fire & Rescue Service, Yorkshire Energy Doctor, and other Community and Voluntary Organisations

**Free Food and Refreshments**

For further information about your Community Engagement Forum please visit [www.selby.gov.uk/community-engagement-forums-cefs](http://www.selby.gov.uk/community-engagement-forums-cefs) or call 01757 705101.

### Strictly Community December 2016

**Southern Community Engagement Forum**

### Strictly Community

community cinema \* reducing energy bills \* addressing loneliness and isolation \* eye health \* developing youth entrepreneurs \* well being events \* improving family resources

An opportunity to hear about a range of proposals for new services and activities to benefit your community, to be considered for funding by the Southern CEF.

Also an opportunity to speak to your Councillors, staff from Selby District Council, North Yorkshire Highways, Police, Fire & Rescue, and other Community and Voluntary Organisations

6:30pm Thursday 8th December 2016  
At Eggborough Sports & Social Club, Eggborough, DN14 0UZ

**Free Food and Refreshments**

**SELBY**  
DISTRICT COUNCIL

This event enabled attendees to hear about project proposals submitted as part of the Community Funding Initiative.

This enabled ideas to be modified and partnerships formed across the projects to maximise impact and access.

### Addressing Housing Needs March 2017

This forum informed attendees of the services and initiatives taking place to address homelessness issues across the District, services available and the difference being made.

The following people make up the Partnership Board for the Southern CEF:

- Cllr Mary McCartney, Cllr Dave Peart, Cllr Debbie White, (Selby District Council)
- Cllr Mike Jordan, Cllr Cliff Lunn and Cllr Chris Pearson (Selby District Council/North Yorkshire County Council)
- Cllr John McCartney (North Yorkshire County Council)
- Jack Burbridge, Jack Davie, Kathleen Walton, Keith Westwood, Dave Perry, Steve Laurenson, Gillian Ivey, Fiona Conor (Co-opted Member)

**Southern Community Engagement Forum**

### There's No Place Like Home

You are warmly invited to the Southern CEF Public Forum

## Community Development Plan 2016 /17

Update September 2017

### Raising Awareness of the CEF

Progress	Lead
Agreed at PB meeting January 2016 to look at possibility of the CEF sponsoring an award at the annual Selby and Goole Community Pride Awards, held at Drax each year.	CHN
Promotion has started with the awards. Southern CEF mentioned in press releases and information available on the awards website. Assisted with press releases and commenced promoting how to nominate through AVS newsletter, at partnership meetings.	CHN
Closing date for nominations was the end of Sep 2016. The event takes place on Thursday 10 <sup>th</sup> November 2016.	
Funding Campaign – a specific flyer was designed and has been circulated across the CEF database and been included in the AVS newsletter in August and October. Two date discussion meetings have been held with project proposals being prepared by Hambleton Village Hall, Brighter Futures, Selby District Vision, Yorkshire Energy Dr, Carers Count, Hambleton Players and the CAB service.	CHN CHN
Dec 16 – The next Public Forum on Thursday 8 <sup>th</sup> December will focus on each project being asked to make a small presentation about their proposal. It will allow questions to be asked by attendees and PB members.	CHN / Janine
5 organisations gave presentations at the Public Forum – each project discussed how their work will also promote the Southern CEF, Decisions to be made at the January 17 PB meeting.	PB

### Developing CEF forums

Progress	Lead
Targeted themed event on Flooding for Parish Councils. Specific invites were sent to all Parish Councils. Event attended by a range of organisations and held as a practical planning workshop.	
Review of event to take place at PB meeting in April 2016. Agreed that different people had attended the event, positive feedback from attendees.	Cllr Jordan
Targeted themed event for Carers, promoting services available in the area for Carers. Information circulated through a specific flyer delivered door to door.	
Review of event at PB meeting in July 2016, once again a different range of people had attended the event.	Cllr Jordan
Developing the concept of taking the CEF on an interactive tour of the area. Choosing a location and consulting with locals about the topics / theme for their Forum. Then building the event around the issues they want covered.	CHN / Cllr Jordan

## Loneliness and Isolation

Progress	Lead
July 16 – Over 250 patients have now been assessed through the Social Prescribing Service. Follow up impact assessments have now commenced, demonstrating a positive impact on 8 measuring indicators. Service extended to the end of September 2016. Referrals extended to include the Community Response Team following presentation to the staff team. Attended first Northern Social Prescribing Conference, provided an overview of the service, and contacted NHS England for assistance with continuation funding.	AVS
Meeting with Carlton Primary School Head and Governors to develop their library into a community hub to address arrange of issues in the local community including loneliness and isolation. Assisted with developing a plan for development and a funding proposal to the CEF.	CHN
Proposals submitted for a Selby District Vision and Yorkshire Energy Dr roadshow to raise awareness of services and support.	
March 17 - Social Prescribing Service refunded through Selby Hands of Hope. Able to take referrals from any support services supporting people who live in the Southern CEF area.	CHN
April 17 – plans developed with Hands of Hope for Discosize – a new exercise class to enable people to make friends and have fun. Promotional flyer produced and circulated to local villages around Eggborough Sports and Social Club.	CHN / AR
September 17 – trainer recruited, venue and timings agreed. Every Wednesday 5.30pm – 6.30pm at Eggborough Sports and Social Club commencing Wednesday 4 <sup>th</sup> October 2017.	CHN/ JW

## Vision – On Tour with the Southern CEF Selby District Vision

We believe that taking this service out to the public, especially to those most isolated parts of the area, will not only promote our own services, but also be a fantastic opportunity to promote the work of the Southern CEF. We to build into every session we run a presentation on the work, purpose and plans of Southern CEF and to encourage people to engage with its activities.

This project will have a direct impact on reducing loneliness and isolation:

- Educating the local community in supporting those with sight loss better, to improve the quality of life for those living in the Southern CEF area with a visual impairment.
- Identifying where support is needed and working with members of each local community to support those needs better.

- Offering opportunities to anyone within that community to come along to an event locally; ask questions, embrace new information and meet with other people. By working in partnerships with other service providers, ensuring each event is varied and of interest, we would hope to encourage a wide variety of individuals to take part.
- We will develop an interactive session, incorporating the 'Eye Health Message' and some visual awareness material. This will include input from the project officer, as well as visually impaired volunteers.

We hope to carry out two sessions each month, allowing for 24 sessions in total, to ensure we can cover the whole of the Southern CEF area.

## The Re-energised Roadshow

### The Yorkshire Energy Dr

Over the last two years we have visited significant numbers of people in the Selby District who are paying more than they need to for their energy, who have experienced problems with their energy supplier, who are worried about the cost of turning the heating on and/or who have been cold-called by companies offering 'free' energy-related products. Through this we have observed a demand for an independent service that can provide impartial advice on these issues.

When it comes to heating a home and managing energy costs, residents in the Southern CEF face specific challenges. Over one-third of properties in the area are off the mains gas network - this means that residents are having to rely upon more expensive forms of heating.

Furthermore, 18% of homes have solid walls which means that they cannot be insulated in a straightforward manner and makes homes harder to treat. In the ward of Whitley these figures are even higher, with 67% of homes off mains gas and 28.3% having solid walls.

Through this project, we are proposing a new approach which will take us into all the Southern CEF villages and will tailor the type of activities we offer to meet the needs of individual parishes. Having local events in communities makes the service accessible to all and will particularly benefit those who may have difficulty or concerns about travelling to advice centres in urban hubs.

Our project will run a series of events across the Southern CEF area to deliver advice on reducing energy costs. We will provide a total of 20 days of support and will offer our service to all villages. We will then work with all interested Parish Councils to devise a plan to engage residents in their area and to organise and publicise activities accordingly. This will be a combination of:

- Running energy surgeries for residents at an appropriate local venue such as a village hall, community centre or even the local pub. Local residents would be able to book a 45 minute slot to get independent and tailored advice on any energy-related question or problem.
- Attend a community event to host a stand or to give a talk to an existing group on saving energy in the home
- Provide advice regarding energy management within the local community buildings.

### July 17 Update

- Kate and I have been hard at work promoting the 'Tour' and attempting to find venues /groups /events etc where we will be able to take our advice and information, along with promoting the work of the Southern CEF.

- On Tour events we have now completed or have set up are:

- Thorpe Willoughby Over 50's Lunch Club
- Chapel Hadlesley Summer Fair
- Warmesley and Cridling Stubbs afternoon celebration event
- Carlton Over 50's Club
- Camblesforth Christmas Fair
- Whitley and Eggborough School Christmas Fair
- Eggborough Sports and Social Club
- Warmesley Coffee Morning
- Hensall Coffee morning
- Smeaton Pub

### September 2017 Update

Across the summer both organisations have been attending Summer Fetes, Fairs, Village Groups, Activities and pop up Cafes. In addition, they have joined up with the mobile library scheme which has been extremely useful to access more isolated and vulnerable individuals.

As well as raising awareness of the services available both Vision and the Energy Dr have had important one to one conversations regarding eye conditions, maintaining good eye health and the benefits of changing energy suppliers.

The Energy Dr continues to carry out home visits for those most in need assisting with changing energy supplier, addressing energy bills and applying for grants to assist with energy debts.

### Youth Provision

<b>Progress</b>	<b>Lead</b>
Youth Forum – To encourage young people to help themselves. Meeting held with Lesley March 2015	Lesley Senior, CHN
<p><b>Youth Provision Initiative Proposal</b> It was agreed that it would be good to hold an event for all local service providers and the children / young people they support to come together to share issues and ideas.</p> <p><b>Planning Event September 2015</b> The Southern CEF invited all youth group leaders and children to attend a consultation / planning evening. The event will be organised as an interactive workshop enabling the children and youth leaders to share their issues, develop ideas and work up an appropriately structured event for each half term holiday.</p>	Lesley Senior / CH
<p>Youth event held on 25<sup>th</sup> Sep 2015 attended by 11 young people and 14 adults. A summary of the event and a proposal for next steps has been prepared for CEF PB to consider.</p> <p>Key priorities and proposals developed are</p> <ul style="list-style-type: none"> <li>▪ To hold monthly youth based workshops</li> <li>▪ Have a cinema to go on tour throughout the villages in the area</li> <li>▪ Promote football opportunities via WLCT</li> </ul>	

Additional online survey circulated to youth groups and organisations in the Southern CEF area – a further 3 responses received – requesting – cinema, dance and baking activities.	
Two meetings held with BeeAble to request a planning proposal to hold events across the next year incorporating all the findings.	
April 16 –PB agreed to fund 4 events for young people to include appropriate staffing, entertainment, room hire and buffet lunch. May 16 – Flyer produced and circulated to households in the area. All schools have been emailed and further promotion to CEF database, AVS newsletter and at partnership meetings. Further promotion through the Parent Power Network. July 16 – Venues booked, cinema arranged, workshops planned, bookings coming in.	Lesley Senior / CHN
The first two events were held during the summer, a total of 44 different young people attended across the two events. They were well received and feedback has contributed to how the next two will be delivered.	Lesley Senior
After the first event in Drax, it was decided that a few changes where needed, the day was a bit too long, the cinema brought a couple of problem's, finding a suitable film for such a large age range, having it at the end of the day, everybody was tiered. We addressed these issues and resolved them. We made the day a little shorter, instead of a film we used the screen for interactive games, (a WII console was used).	
Sep 16 – Met with one of the local heads to discuss how to arrange awareness through the schools for the next two events. Head has agreed to invite us to an assembly to promote the next day in the new year. He will also raise this with the other Heads in the area, so the same level of promotion can be achieved. Following each assembly, each pupil will be given a signup sheet for the day.	Lesley Senior / CHN
Dec 16 – Proposal from TFE submitted to develop a network of Young Entrepreneurs across the Southern CEF area.	
The support and activity's provided by York City Knights rugby team has been a massive success and they have attended all 3 events held to date. We will be asking them to attend our 4 <sup>th</sup> and final event in May/June 2017	
Whitley and Eggborough activity day 20 <sup>th</sup> February 2017, 31 young people attended.	
The final day will be held in the spring half term. We still need to find a venue for this, we are going to look at a venue near Hensall as someone commented that they don't often have activities provided there. I am going to get in touch with the gentleman who raised these concerns after the Easter break. I think we will look at similar activities as they have worked really well. As you can see from the report we have had increasing numbers and really good feedback.	Lesley Senior
All 4 days have been completed and have been successful in attendance levels and the range of families accessing them.	

## Community Cinema

### Hambleton Village Hall

This will allow our families of Hambleton to join a' themed 'cinema club' that offers much more than just a film once a month. The trustees propose to host in the village hall a 3 hour Saturday morning event once a month.

This will be led by a fictional character that children can relate to every month that will focus on current issues that families are experiencing.

Additionally, at the end of the session the families will be able to consolidate their children's learning by taking part in the monthly activity and a lucky winner will win a prize the following month.

We intend to utilise our smaller hall for the parents / guardians as a coffee area. This will have a stand with that months 'current issue' and can be used a pick up point for the village and an expert on hand if the parents need further information / advice.

The benefit for our community:

- The nearest cinema available is at Castleford which limits accessibility and increases the cost for families. Our provision will provide families with a local interactive cinema experience once a month.
- To be part of a community hub that meets once a month which can address isolation as there is no current group available for families.
- Educate young people on current issues that they are facing with an expert from the area
- Allow young people to have the freedom to express their ideas and consolidate their learning through a monthly workshop
- Open a three-hour coffee shop for the community as a pick up point for local information and facilitate an open place for our community to interact with each other
- Single parents / guardians a touch base once a month to see other adults

Our project is more than a local cinema. We will create a monthly family event mixing cinema with fun activities, talks, presentations and the development of local support and friendship networks.

## **July 2017 Update**

### **Cinema Club Actions – Little Owls Community Cinema**

The cinema club will be provided the last Saturday of the month with the first one Last Saturday of the month. The first date will be Saturday 30<sup>th</sup> September. Time – will be 9.30am to 12pm.

#### **Buy / rent equipment – Fiona Conor**

Initially we were going to hire the equipment for the year. However, in year 2 if we wanted to keep this going we would have to find another grant. We are going to explore option for buy and hire and arrange a date for 3 suppliers to come and meet us and give us their best pitch and tender for the project. If we went with buy it gives us the flexibility then to promote the hall for small conferences as we will have our own projection screen and projector. The challenge would be to find out where to hire films from.

#### **Marketing plan – Juvina Janik**

Set up cinema club facebook page, to be put into the village newsletter for subscription .PR - launch in paper regarding funding. Banners. Leaflets.

#### **Gifts for kids / Competitions – Melissa / Fiona**

Melissa speaking to Selby hands of Hope. This will be for the 'in between game take a cabbage was explored. We also would have a monthly competition for designing the best poster for the next

month's film and this will be displayed in the village hall notice board and mentioned in our community newsletter.

### **Refreshments kids – Fiona Conor**

Donations for the first cinema club of kids drinks. Already agreed. Buying own popcorn machine £100.

### **Café for adults – Louise fisher**

Small hall to be a café area. Orders to be taken for tea and coffee and just supply cakes. They will also have a television feed in small hall so they can watch the film (low sound)

### **T- shirt - Fiona Conor**

Kids to have t-shirts to wear so they look like they are in the club. Fiona to explore extra funding for uniform for the children. Fiona to have one designed once Logo is approved.

### **Logo – Melissa**

Logo being designed for free a little owl holding popcorn.

### **September 2017 Update**

Cinema Club - is almost there - Juvina & Melissa are helping with the set up - Louise & Fiona organised extra help - popcorn machine drinks etc ordered. Melissa has sorted prizes through Selby Hands of Hope.

The first cinema event is taking place on Sunday 1<sup>st</sup> October. Following the first event we will review how it went including the age group and needs. The next cinema event is then planned for Sunday 5<sup>th</sup> November.

In addition, Hambleton village hall is planning the following events:

Sat 28th Oct - Halloween activities

November 6th Users meeting 7pm

December w/c 4th Players show - busy time in hall

Sat 16th December Breakfast with Santa,

Christmas eve - Village on the green - Christmas celebrations

## **Inspiring Young Entrepreneurs - a New Framework for Success**

Training for Employment (Yorkshire) C.I.C.

According to research published in October 2016 by the New Entrepreneurs Foundation (NEF), almost a third of young people aged 18-25 have started, or are considering starting, a business. Half say they have been hampered from doing so.

Areas holding them back included lack of access to finance, lack of business knowledge, and a lack of good contacts.

Local problems and issues will be identified and resolved by young local entrepreneurs. Examples of services that might be offered by young people include dog walkers, cleaners, handypersons, gardeners, ironing services, and house sitters.

Our project will create a successful and robust framework to assist young people to identify areas of particular concern in their neighbourhoods, and set about providing services to address those needs developing their own successful small enterprise.

Our project will develop the entrepreneurial skills of a minimum of twelve young adults.

It will be a collaborative project, combining Training for Employment's workshops, guest speakers, a quarterly Southern CEF Enterprise Club and networking opportunities.

Training for Employment will provide self-employment skills workshops x 48. These will teach young people essential skills such as:

- 🌐 Business Planning
- 🌐 Budgeting (personal and business)
- 🌐 Financial Forecasting
- 🌐 Marketing and Sales
- 🌐 Tax and Self-assessment

This project will provide an opportunity for young people to develop practical skills, encouraging a framework for success which can be replicated into the future.

The project will address loneliness and isolation of the young person, and of the service users of the social enterprises which the young people will set up.

The fact that Southern CEF provided the funding for the project, will be emphasised in promotional literature and during interactions with participants.

Key dates for activity as below:

<b>Time</b>	<b>Event</b>
April 2017	Initial marketing and consultations
May 2017	Recruitment of participants
June 2017	First workshop (for up to 12 persons)
July 2017	First quarterly networking Enterprise Club
Aug 2017	First quarterly report to Southern CEF board
September 2017 onwards	Continuing and ongoing activities, as above
February 2018	End of project. Southern CEF event

### **July 2017 Update**

The marketing phase is currently underway, with leaflets being distributed in a phased manner throughout July, across the Southern CEF area.

Meeting with Heidi Green of the Selby 'Business Support Hub'

Leaflets at Community House, Selby Community Furniture and Selby District Vision

There will be ongoing marketing activity with representatives from local organisations throughout July.

### **September 2017 Update**

A number of learners have been recruited and the age limit has been lifted following discussions with referral organisations.

Meetings have been held with each learner to discuss their needs and ideas, with a couple of Community ideas already being developed including IT support and music activities.

# The Nurture Project

## The Healthy Child Team, Selby District

There is clear evidence of the benefits of such a project on a national level. National data from the Belfast study (Queens University) researching Nurture projects delivered around the country highlighted 2 key messages;

- Nurture groups had a definite and direct impact on improving children's health well-being and ultimately education attainment.
- Pre-nurture 77% scored highly on the SDQ (strengths and difficulties questionnaire) this reduced to 20.6% post nurture group input.

On a local level the data show there is a need for a service like the one proposed.

Following a questionnaire that was sent to all Year 6 children in the locality, it was identified that;

- 16% of children surveyed said they felt angry at least weekly
- 15% felt miserable and tearful at least weekly
- 15% said they had sudden changes of mood at least weekly
- 14% said they worry about how they look at least weekly

Parental feedback from these questionnaires mirrored the sentiment that their children were struggling with these issues.

Face to Face consultation with Year 3,4, 6 children was carried out in Hensall school to discuss their emotions and coping strategies. It was clear from the consultation that the children's methods of coping with their worries, anger and stress encompassed the principles of nurture.

Consultation was also carried out with School Nurses and the NYCC Prevention Service. They felt some of the main benefits to the local community would be;

- Happier young people who are able to cope better emotionally
- Being able to address transitioning problems early
- Promoting resilience and improving self-esteem in children and young people.
- Changing attitudes and creating a positive community.

The aim of this project is to provide robust, well evidenced and evaluated nurture sessions within schools in the southern CEF area. Following liaison with schools, parents, community groups, and local prevention services, children will be identified who could benefit from a weekly nurturing intervention.

### **The Nurture Sessions**

- Each session will initially be 2 hours long.
- One session a week on a 6 week rolling program.
- It is recommended that the group is small, approximately 6 children to 2 adults.
- All adults will be highly skilled practitioners who have had adequate training in delivering the 6 key nurture principles
- It is very important to build in to the sessions times with parents to discuss any aspect of the program and also for Prevention workers to use their expertise in offering parenting advice
- To keep parents updated on their child's involvement of the group

The Nurture sessions will be delivered by professionals from the Healthy Child Team and the Prevention Service who will have the necessary training, passion and enthusiasm to deliver an effective program. This project will be delivered in schools weekly as a rolling programme.

## April 2017 Update

As the funding applied for was for the set up and delivery of the sessions we are planning to start delivering the sessions in Hensall and Hambleton primary school after the Easter holidays.

### Timeline

- Training planned for 4th and 5th April (decided to work in partnership with Hambleton village hall for this)
- Delivery planned with Hensall and Hambleton schools to start the week beginning 24th April
- All children have been identified ready to attend the sessions.
- All the above work has been carried out since the CEF meeting on 19th January on our understanding we had secured the funding.

## July Update

Training took place for 13 staff delivered by nurture group network at Hambleton village hall April 4th and 5th (the bulk of the CEF funding was used for this as per the project brief)

3 lots of Nurture groups have been delivered 1 in Hensall school and 2 in Hambleton school (a total of 18 children and families have been part of our nurture pilot.)

Another 6 weeks to be delivered in Hensall TBA

## Transport

Next Steps	Lead
Public transport – some villages well served, some not. Volunteer car scheme – need to market the service more. Need to review community transport provision, promoting volunteering opportunities.	Cllr Ivey and LS
Eastern CEF transport survey launched October 2015 which has since been completed by Southern CEF residents. A total of 164 surveys have now been completed representing 480 residents. Latest report capturing results to date has been prepared. The survey remains live for people to contribute.	CHN
Southern CEF Public Forum held in Dec 2015 focusing on transport issues. At the event it was agreed that AGE UK, Selby District AVS and the Tadcaster Community Transport scheme would meet to look at ways to further promote community transport and encourage more people to volunteer as drivers. Following the meeting a list of recommendations to be circulated to the Southern CEF PB.	LS
July 16 – Staff changes at AVS, work commencing on a strategic review of Community Transport. NYCC have created a marketing role for Community Transport initiatives across the District.	AVS
Oct 16 – Dec 16 – meetings held between Horton Housing, Community Transport and Dev Officer to discuss options to increase transport to Community Cafes across the Southern CEF area.	

# Rural Community Transport

## Horton Housing Community Cafes

The Community Café service was established in 2012/13 with the main objective of providing a meeting point for lonely and/vulnerable citizens. The largest of the Cafes has been in Selby and Tadcaster but there have been several smaller locations to meet the needs of the rural communities. Locations such as Eggborough, Womersley, Cridling Stubbs and Hambleton. The sessions are funded by the NYCC Innovation Fund.

We have found that one of the biggest barriers to providing this service for the rural communities has been in providing transport to the events. In many cases the citizens will have no transport and therefore have to rely on a neighbour or a friend to take them each week.

There have been examples where without transport citizens have not been able to come to one of the sessions. If organised transport were to be available we are confident that more people would be able to benefit from attending the sessions.

This initiative will fund

- the cost of a block booking for a minibus to establish a pick up/drop off route from surrounding villages to the Eggborough weekly Community Café sessions
- through a recruitment exercise, identify and recruit new volunteer drivers in the south Selby Rural area to join the passenger car scheme,

The establishment of a weekly minibus run to the Community Café could be a life line to some vulnerable people and the service could also be used to help with the CEF objective of promoting community transport.

A proactive promotion of the Passenger Transport service within the Southern CEF could identify many new volunteers and go some way to improving rural isolation.

The promotion of the Community Café with provided transport will all help address loneliness amongst vulnerable citizens in rural areas of Selby by providing transport to attend a regular weekly meeting point.

Regularly meeting and learning from other people in similar circumstances, and meeting professionals from both statutory and voluntary groups will help improve citizens' quality of life.

### **July Update**

The bus is at capacity most weeks and running very smoothly.

Awareness of community transport has led to usage for hospital visits/social for some attendees.

We are planning to introduce the following events to the Eggborough Centre.

- Digital skills 10 weeks course in partnership with ALSS probably August
- IDAS – Domestic Abuse Awareness session
- Green Doctor –September

Hall very busy, very energetic and good relationships being formed and social groups external from community café

### **September Update**

Work has continued promoting Community Transport and volunteer drivers. Flyers continue to be distributed across the CEF area.

The weekly bus continues to be well used for the Eggborough Centre.

Chris Hailey Norris  
Southern CEF Development Officer  
September 2017

# COMMUNITY ENGAGEMENT FORUM APPLICATION FORM

## Application process

This form should be used to apply for funding from any of the five Community Engagement Forums.

Before completing this form, please ensure you check the project funding criteria and application guidance form. You can also get support with completing the application by e-mailing [cefadmin@selby.gov.uk](mailto:cefadmin@selby.gov.uk). Whether you are applying for a small grant or project funding you will need to complete section 1 and 3 of this application form and then either a grant information form or a project brief in section 2.

This is an application only and will be subject to an assessment process – we cannot guarantee support. The Community Engagement Forum Partnership Board will consider every application received. Please see the decision making flowchart to understand the process your application will go through.

After completing and saving, please send the Word form by email to [cefadmin@selby.gov.uk](mailto:cefadmin@selby.gov.uk). We would prefer not to receive applications by post, please.

We will let you know if you have been successful by email unless requested in writing.

## Which Community Engagement Forum is this application to?

Please indicate which Community Engagement Forum this application is being submitted to (when applying to more than one CEF you will need to complete a separate application form for each CEF).

<b>Project Brief</b>	
<p>The Project Brief is the <b>first</b> thing to do. It should be completed before <b>any</b> activity of any sort takes place. This is because the Brief is the document that subject to authorisation triggers the development of the Business Case.</p>	
<b>Project Name</b>	<b>CARLTON TOWERS CRICKET COMMUNITY EQUIPMENT FOCUS SCHEME</b>
<b>Project Manager</b>	<b>STEPHEN JOHN CARR</b>
<b>Document Author</b> (if different from Project Manager)	
<b>Organisation Name</b>	<b>CARLTON TOWERS CRICKET CLUB</b>

### **Benefit**

Why would the community benefit from this project? Is there clear evidence of need for this project- detail any consultation, statistics or reports that back up for project brief.

The Cricket Club is the only Village sporting venue and facility open to the Parish and community which is available for use and with an open membership policy to meet the needs of participants and spectators alike at both Junior and senior level. Historically its success has been achieved both on and off the field of play by volunteers, committed to ensuring that they have the best possible facility available. Participants often need encouragement to join a group, to be able to enjoy the sport and have regular access to Equipment which is of a good standard and fit for purpose, rather than of an age and in constant need of repair, which can often deter people from the sport and community.

### **Details of the Project**

Please list the details of your project

The scheme involves the replacement of outdated, poor and unfit for purpose equipment and practice facilities to enable the Club to continue to function and participate at a level consistent with the aims of the Club. It has a development plan, designed for that purpose, which is aimed in particular at expanding its membership both in playing participation and overall contribution in a supporting role, such as umpiring, scoring and other voluntary areas and improve the social environment.

### **Project Objectives**

What will the project deliver, or what changes will it bring about and how are these linked to the CEF's Community development plan (CDP) for the area?

The project will ensure that the facilities that the Club provides are of sufficient quality to attract and stimulate interest in the local community and elsewhere and encourage participation.

Cricket is a unique sport in that it reaches a wide audience and participation at all ages, gender and levels of ability, which the Club promotes and is anxious to expand upon. The Club supports both Junior and Senior Cricket, where success has been achieved, more recently in 2017 winning League competition at both age levels and needs players, Volunteers to Score, Match umpires, and others who might wish to gain experience in coaching and enjoy contributing in areas such as Ground and pitch maintenance. The need to update and provide the necessary equipment is pivotal to this and the assistance of CEF is essential.

## Benefits

*Outline any key financial or non-financial benefits the project will deliver and how this will impact the community.*

*The project will provide both key and non-financial benefits in that the facilities at the venue will attract new sporting and spectator participation, with the former enabling the Club to play at a high level and the latter enabling the Club to subsist by providing financial support.*

## Project Approach / Delivery Options

*Outline any initial ideas for how the project might be delivered including external delivery, consultants, governance arrangements etc.*

*Estimates have been obtained to provide the Equipment required to meet the needs of the project. The Costs are:*

*Net Facility | £20,142.00 (For other funding opportunities)*

*Scoring Facility £6,723.00*

*Sightscreens £ 5,160.00*

*The Club intend to promote the community work of the Southern CEF Community Development plan hosting a future CEF Public forum at the Club, illustrating how we have been able to exist since our formation in 1858, the importance and relevance of CEF to enhance and benefit our work and by exhibiting the developments at an open day prior to the start of the 2018 season, inviting representatives from local Schools, parish Council, other organisations and local press to show the improvements and and outline how the Club wishes to engage with them and make the equipment, particularly the net facility, available for use. The intention is to ensure that the information is available to as many people as possible to be able to attract new participants to the Club and local community.*

*The Club is keen to work in partnership with CEF and demonstrate how the Club has benefitted from it by promoting the assistance and making the facility available as a prime example of how organisations and CEF work together for the benefit of the community. Links to both the Yorkshire Cricket Board and the English Cricket Board are already established and will be utilised to show how CEF has in partnership assisted the Club and has engineered a better facility and Equipment relevant to the Sport.*

## Project Timescales (Milestones)

*Outline the overall timescale for project completion and include delivery phases together with milestone dates and funding deadlines, if appropriate. Your knowledge may be based on assumptions at this stage.*

*The project will need to be in place and be functional in time for the preparations for the new season commencing in April 2018.*

## Project Resources (people and money)

*These will be indicative at this early stage. However, on the basis of what you expect the project to look like, indicate your estimates together with the assumptions made in making the calculations.*

- **Costs** – *In accordance with the estimates provided*
- **People** – *Existing unpaid volunteers who are committed to the organisation, so that all resources are centered on the project and not used as a reward for their contributions.*

*We are looking for assistance for the funding of new sightscreens and /or Scoring facility, the estimates for which are as set out above.*

## Funding

*Where do you expect the money to come from, e.g. revenue or capital budgets, external grants, all from CEF funding or a combination? Please state if you don't know at this stage where the money is coming from. Please include any quotes you have received.*

*In light of the use of existing Club funds and the recent purchase of equipment through financial and other generous financial contributions by a number of committed members, other and essential Ground equipment has been acquired to assist the organisation to function at its existing level, but made it financially impossible to fulfil the needs of the project. The Club would contribute 10% of the funding cost from existing resources.*

## **Risks / Issues**

*Identify what you consider to be the main risks at this stage. Also indicate any issues you may be aware of that the project will resolve.*

*It is not expected that there will be any risks associated to the project but rather the opposite which will benefit the organisation to provide the community with a venue and sporting arena that is fit for purpose and to encourage and stimulate interest and participation.*

## **Links and Dependencies**

*Does this project link to any others in the area or services already available? Is its success dependent on the completion of other projects, funding from elsewhere, interest from volunteers etc?*

*The success of the project is wholly dependant on the ability to obtain a positive response to the application for funding and the physical contributions of volunteers who are ready able and willing to put the project into effect. The project is also intended to enable the Club to make the facility available to outsource to Schools, in particular, the Holy Family School in Carlton and Snaith School, with the Club also providing coaching resources and personnel.*

## 2. CGS SCOREBOARDS

Scoreboard tins rattling from an isolated corner of the ground is becoming an increasingly rare sound to hear these days – even in smaller village clubs. LED technology has come a long way and now meets at a price point where fully digital systems are within reach of most club budgets.

Always looking to push the boundaries, offering products that represent exceptional quality alongside value, we didn't simply want to offer an 'off the shelf' selection of scoreboards, so working with a great supplier, we offer British-made scoreboards using British sourced components, totally bespoke to a club's requirements or from a selection of popular configurations.

For clubs that may have an attractive, traditional score board that is something of a feature of the ground, we are offering a totally bespoke refurbishment and electronic conversion service to help bring them into the 21st Century.

Modular by design, by nature lending itself to the possibilities of future expansion and easier component replacement. Many suppliers are still currently providing imported units. We have been through this and found, if and when the client has a problem, it can be difficult and time consuming to rectify.

CGS Scoreboards are a modern, reliable all electronic system. Through consultation, we can determine what the client really needs and cost engineer a bespoke solution to suit. We have a range of 'standard' designs but feel our service is best delivered when creating a bespoke option.

## 3. KEY BENEFITS

Thanks to the option of wireless controllers, the scorers of Carlton Towers CC could soon escape that dark, dusty, cold and isolated environ set aside from the rest of the club and join the action. Spectators will also reap the benefits of a switch to electronic scoreboards, with highly visible digits, legible from 120 degrees in all conditions and from the option for clubs to add smaller 'repeater' scoreboard that synch with the main board to display basic score information in areas like the bar or in the pavilion where the main scoreboard not be easily viewed. Digits are available in 15", 12", 10", 8" and 6" so we can mix for improved appearance.

### **Intuitive control**

Our easy to use controllers can be wired or wireless. Automatically increment the total when the individual batsman's score is increased. Mistakes can be easily corrected. Controllers are mounted into a sturdy custom made alloy flight-case. The range of the wireless signal is typically over 200 metres and may be much farther depending on the location of the transmitter and receiver aerials and any obstructions which are in between them.

### **Power**

A strong advantage of our scoreboards is that they are capable of running off a 12v 88 ampere hour deep cycle rechargeable leisure battery, therefore location is not tied to being mains power sourced. Recharging the scoreboard battery is done through the supplied equipment. Capable of powering most configuration of board for 2 full matches, this option is making it possible for remote grounds or clubs without mains power to enjoy the benefits of an electronic system. In a marketplace increasingly seeking greener credentials, our scoreboards have very low power consumption.

For mains power- the system requires provision of a standard 13amp socket- a switched spur (single or double pole) located where user can flick to activate the scoreboard. This leads to a 15amp switched mode power supply which will then have a 2meter long output to the board itself

### **Portability**

Trolley mounted options are possible, creating a portable boards for easy storage and security.

### **Polycarbonate**

We use a 6mm Makrolon non reflective polycarbonate, highly rated strength same as used in train station info boards, visors, bus shelters and machine guards. More than capable of taking a direct '6' strike.

### **No 'hidden' costs**

Power pack/ battery / cables / wired controller all supplied.  
Umpires indicator light also comes as standard.

### **Warranty / After Sales**

We offer a dedicated UK after sales technical helpline.  
12 Month parts and labour warranty.

### **Wireless compliance statement**

All systems are tested at the factory before shipping to ensure that they comply with the following EU directives and standards:

Council Directive 89/336/EEC the EMC directive

European Standards:

- 1) EN 50 081-1 Emission
- 2) EN 50 082-2 Immunity
- 3) EN 60 555 Conducted Emissions.

Conformity Criteria :

- 1) Radiated emissions are less than 30 dBXV/m @ 10m from the equipment. Conducted emissions are less than 56dBXV/m.
- 2) The performance of the equipment will not be impaired by a radiated signal in the band 27MHz to 500MHz with a signal strength 3V/m and with 80% modulation
- 3) The AC power input current harmonics are within the limits set by EN 60 555-3,-3. The conducted RF emissions are below the limits described in EN55 022 class B.

Council Directive 73/23/EEC The Low Voltage Directive as amended by Article 13 of Council Directive 93/68/EEC

Council Directive 1999/5/EEC the R&TTE Directive

European Standard EN 60065 UK Interface requirements IR2030 ETSI standard EN 301 357

Council Directive 2002/95/EC the RoHS Directive

Regulations EC no 1907/2006 - Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) Regulations

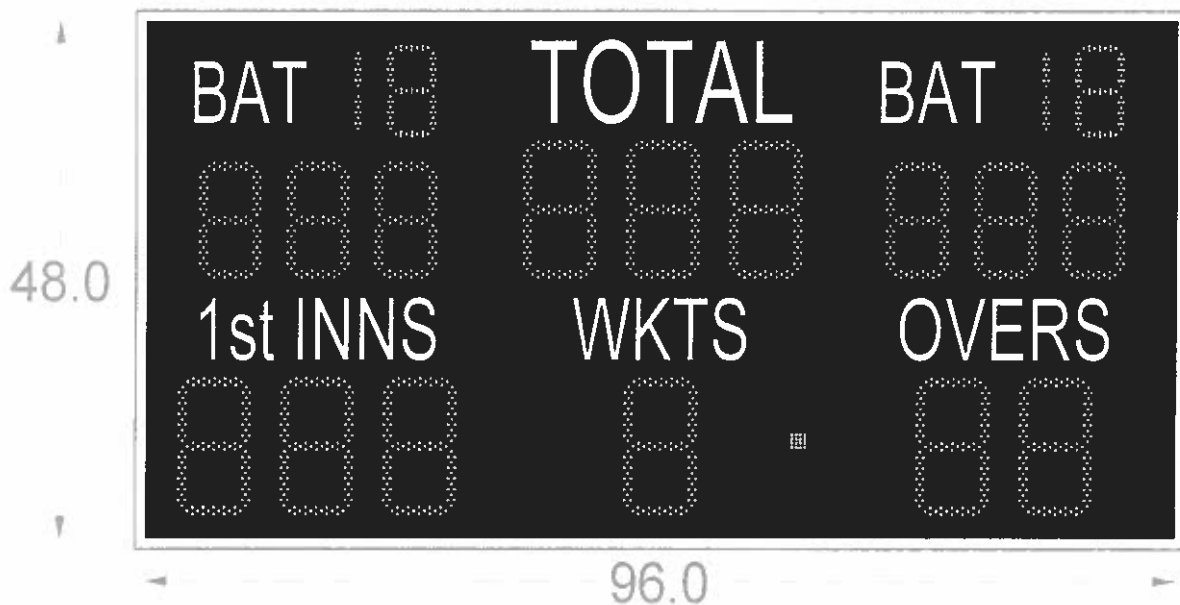

#### 4. PROJECT BRIEF FOR CARLTON TOWERS CC

the cricket ground shop (CGS) has been invited by Hardeep Singh to provide build specifications and costs for an electronic scoreboard facility improvement at Carlton Towers CC. This document will outline design specifications and costs for the following project:

- \* The construction of a fully electronic LED cricket scoreboard 19 x mixed" digits.

Carlton Towers CC require a new electronic scoreboard to tie in with and enhance existing facilities. The increase in players at both senior and junior level combined with recent success has spurred intentions to continue raising facility standards at the club.

- \* Power: Supplied with 240v power pack / 12v 88 ampere hour deep cycle leisure battery
- \* Size: 2438 x 1219 x 100
- \* Digits: 19 Mixed Size Digits
- \* Information to display: Total / Wickets / Overs / 1st Innings / Batsmans Score / Batsmans Number
- \* Umpires indicator light as standard
- \* Location: TBD - Wall / fascia mounting / Portable / Trolley Mounted / Post mounting- No costs included for installation
- \* Mounting option: TBD - Brackets top & bottom / Brackets side / Handles / Threaded side inserts- mounting option supplied
- \* Delivery / Installation: TBD - Collection from manufacture / DIY installation / Installation by manufacturer required

## 5. PROJECT COST FOR CARLTON TOWERS

All prices are valid for three months from date of proposal and are subject to agreed payment terms alongside TP 'Terms & Conditions'. The following costs are a breakdown of the submitted project brief and design options. All costs are EXCLUSIVE of VAT.

<b>CGS Scoreboard Project Costs &amp; Design Options</b>	<b>Cost (excl VAT)</b>
<b>MANUFACTURE / SUPPLY OF CGS SCOREBOARD SYSTEM</b>	
GCSE19v4- 19 Mixed Digits	£3,958.00
<b>OPTIONS:</b>	
ADDITIONAL CONTROLLER	£350.00
ADDITIONAL 88 AMPERE DEEP CYCLE LEISURE BATTERY	£75.00
PORTABLE TROLLEY	£525.00
DELIVERY	£120.00
MANUFACTURER INSTALLATION	£575.00

## 6. PROJECT NOTES & CONDITIONS

- \* Delivery can be made from manufacture subject to location and milage cost.
- \* Installation can be completed by client or if required, manufacturer installation is possible subject to additional cost.
- \* For refurbishments, a site visit will be required which will be conducted at a mutually convenient time.
- \* Once a signed order form is received and 20% deposit is made, manufacture is initiated. Upon completion of manufacture, delivery or collection will be made, at which point full balance payment is required.
- \* 12 Month parts and labour warranty from the date of client invoice. This does not include any on site maintenance, costs of shipping to or from factory, loss of profits or consequential or any other loss. All claims for repair under the warranty are at discretion and are on a 'back to base' basis.

## End of project impact report

### Organisation Details

Name: West Haddlesey Parish Meeting

Address: C/O Avondale, Main Street, West Haddlesey, North Yorkshire

Postcode: YO8 8QA

### Project Details

Description: Funding for fencing

Contact Name: Giles Bennett

Tel: 01757229110

IMPACT REPORT FOR PERIOD 18<sup>th</sup> August 2017 TO N/A

**Q1 In no more than 500 words please outline the key outcomes of your project.**

The fence was bought and installed over the course of three days earlier this month.

**Q2 In no more than 500 words please demonstrate how the project has met the Community Development Plan objectives that were identified in the original application for funding.**

The fence improves the look and feel of the area in question, as well as creating a physically imposing barrier between those walking on the path and those using the roadway. It has therefore improved safety and security as well as contributed to the amelioration of the village.

**Q3 In no more than 250 words please give details of any additional benefits or objectives that the project has met that were not anticipated/ outlined in the original application for funding.**

Parents using the playpark have noted that it adds another layer of security to the exit from the playpark – although already protected by a small fence directly outside the entrance point, the new fencing runs the entire length of the road alongside the playpark and makes things even safer.

**Any other comments on the project and its success:**

A large number of villagers have already given very positive feedback on how nice they think the fence looks, so we are very pleased with its reception and the outcome of the project.
