Dear Sir/Madam

I write on behalf of Apple Blossom Caravan Parks application for a premises licence. I wish to give them my support in their application.

Although _____ I have lived in the Parish of First Courtney or West Bank since _____. In that time I have seen many changes of use for the Hamlet & following the break up of the hard Settlement Association in 1985/86 saw many of the original small holdings sold to private residents. The area was always horticulture surrounded by arable farmland. Lorries & tractors still rattle up and down from dawn til dusk. Lisa _____ ran cement wagons from No. 8 Apple Blossom, for a number of years.

The surrounding area has diversified & we, I feel, live in a beautiful village. Locals have made their homes their business & I support anyone trying to make a living, especially in today's current climate.

I have heard concerns of increased traffic in the area due to the premises licence being 'granted' however, I feel this will reduce the coming & going from the site and guests will be more inclined to stay where they can mingle (in line with covid) with other campers. The concerns of traffic & walkers will also be reduced as guests tend to walk the 1½ miles in the darkness and put their lives on the line! The worst drivers are the locals who think they know the roads & do not think further than getting to wherever/home as fast as possible regardless of the blind bends we know exist!

I stayed with my husband, in a caravan at Apple Blossom last year _____ During that time, Lisa _____ where aware that noise could be an issue & policed the site to ensure their guests abided by their 'quiet time' policy. Very rarely did guests make any noise after the appointed times and if they did it was because they were returning to site after visiting the local hostellers.

It is with positivity, that Lisa _____ conscientious policies will ensure that neighbours are not caused ~~any~~ ^{any} issues due to a premises licence granted. Especially as I understand one of the objectors are concerned for caravans on the roads without noticing Apple Blossom has been open for two years!! Kind regards _____

Dear Licensing

Application – Premises & Music for Apple Blossom Caravan and Camping

We have no objections to the applicants request for a premises license and music application.

We have lived in this area for many many years and have seen the changes within this rural small holdings, from Salad growers, catteries, dog groomers, HGV's and caravan storage and the carvan site itself. Its great we can all work together – that's why this hamlet was built – to support the workers to use the land of which they live.

All the best. A

Hello Selby Council

With reference to :- Premises/Music for Apple Blossom Caravan and Camping – Mrs Lisa Howsam

We write to advise we have no concerns for the application for a premises licence for the camp site known as Apple Blossom.

We live fairly local and have to advise we have heard no noise or any have any issues.

We do note in summer months, the campers walking to the pub in the village, so to have their own on the site will be great for them. What a great idea 😊

Warm regards and all the best / ✓

Re:- Lisa Howsam (Apple Blossom Caravan and Camping) Premises & Music Application

I would like to advise that we have no objections and no issues or concerns with the application submitted by Lisa Howsam, for the above application.

We live _____ and this catchment is a predominantly working rural area. A lot of the residents operate their business from their home, _____

I think the addition of a camp site bar is beneficial, following the Covid-19 restrictions its great to see tourism in the UK and keep it local.

Many Regards

Re: Apple Blossom Caravan & Camping (L Howsam)

Please accept this letter as acknowledgement of our support for the application for a premises licence.

We live locally and have no issues over any noise or traffic. We understand the applicant has requested a speed limit change to 40mph on the main road, which is great news.

We welcome this change.

Yours sincerely,

Apple Blossom Caravan & Camping Premises License Application

We live _____ the applicant, and would like to confirm our support and best wishes with the application for the premises licence.

We think having a bar on site is a great idea, it saves the holiday makers walking on the main roads at night.

They have advised that last orders is 10.30pm so this is also a good time. We have not heard any noise at night that disturbs us.

Thank you

All residents are welcome as a catering van will be here

It's not a rave nor festival - just a local residents & his scooter club

This is set aside to the premises license as it's a one off event

I hope this helps - you are very welcome to Bob over xx

Dear Sir/Madam,

We are writing to comment on the application made by Lisa Howsam, Apple Blossom Caravan and Camping, 8 West Bank, Hirst Road, Carlton, DN14 9PZ for a license to sell alcohol and for live and recorded music.

Our concerns are as follows;

Public safety

Apple Blossom Caravan and Camping is situated in the quiet hamlet of West Bank which has no public transport links to nearby villages. Access to the site is only possible from Hirst Road which is subject to a National Speed limit and as in other areas, suffers from many drivers exceeding that speed limit. Recently there was a road traffic collision involving a car travelling at speed hitting a parked car in broad daylight outside the adjacent property. The road does not have any footpath/pavement and very sparse street lighting making the access, especially at night, very hazardous and a high risk to public safety if walking/cycling. This could potentially encourage the criminal act of driving while under the influence of alcohol.

Crime and Disorder/ Public Nuisance

The disruption to local residents regarding the potential for antisocial and disorderly behaviour that is associated with the consumption of alcohol and music involving large groups must be taken into account. Any activity involving increased numbers of people, vehicles, music and alcohol is not appropriate for such a residential area and increases the possibility of becoming a public nuisance and significantly raises the risk of disorderly behaviour. This would cause problems to local residents and put additional pressure on local emergency services.

During the normal operation of the campsite the levels of noise are already high and continue throughout the day and late into the night. Noise in such a rural area is very noticeable as the normal background sounds are negligible and this is the attraction to many campers who choose to visit this area.

* We ask that you take our concerns into consideration as _____ and this will impact our quality of life and that of other local residents.

Regarding:- Lisa Howsam Premise Application @ Apple Blossom Caravan & Camping

_____ to visit the site most weekends camping with our _____. We stay in the camping field, We have to say that we have come since the site opened and its just gets better and better. The owners are very considerate to all their guests and in fact their neighbours. There are notices all around the site to be respectful to the neighbours and the site does have an absolute quiet after dark. In fact the only noise we hear is the dogs at a house behind the site she lets them out at midnight with squeaky toys !!

We have never had issues with a the camp site noise – and that's why we keep coming. Its our favourite place.

We fully support the licence application for Apple Blossom, the applicant has supported her application with acceptable measures of control for any possible noise and music

To Whom it concerns,

I feel a bar at Apple Blossom would be
beneficial to the local area and give an
extra attraction to a wonderful camp site.
