Q2.5 Please outline how the application will benefit the specific CEF area and why there is a need for your proposal? (500 word limit)

If successful, the safety netting will allow families to enjoy the playground without fear of injury from other sports.

Given the ages of the children who ordinarily use the playground facilities, they are not risk aware and despite the best efforts of families to educate and ensure the safety of their children. There are circumstances where potential risk of injury is foreseeable.

We want to encourage families to enjoy the facilities the recreational grounds has to offer, in order to promote health and community togetherness.
