**Subject:** The Comus Inn Camblesforth

I would like to go on record my support, as a resident of Camblesforth, of the licence variation for The Comus Inn. As you are no doubt aware, the past 19 months has been extremely difficult for the hospitality industry. Therefore it seems good business for The Comus to be able to compete for additional business in order to make the public house able to compete on a good footing with other competing local venues. Serving breakfasts appears to be an excellent idea and provides a good service to locals and passing traffic. A slight extension of opening hours should again see the public house able to offer further benefits & functions, again for the benefit of locals & beyond. I would the committee to consider seriously allow the applied for variations in order to make The Comus Inn a viable and attractive local public house. Our village, as with other villages, deserves a good and secure public house, eating place and entertainment and functions venue.

**Subject:** Comus inn

I would like to express my support for the variation application at the Comus inn. This is a community hub which I frequent because of its warm atmosphere. I welcome their efforts to try diversify after a rough few years as it always gives back to the community. The pub has had much needed improvements and has added much value to the village of Camblesforth. I look forward to hearing back from you.

Dear Sirs/ madams

I'm sending this letter in support of the Comus Inn in Camblesforth. I believe they're having trouble with variation to their license.

I'd like to say that as a resident of Camblesforth I'm looking forward to the upgrades being completed and being able to get back to frequenting the pub as a means of seeing friends and family in a warm and welcoming surrounding.

As a \_\_\_\_\_ he last 18 months have been extremely difficult mentally and the Comus has always been a place I've been able to go and relax which in return has helped me cope.

Im hoping this letter finds the appropriate person's and I'm positive that it will get rectified asap so that I don't have to worry that my safe place isn't available anymore.

Kind regards

**Dawn Drury**

Dear sir / madam

I write in support of the comus inn's variation application.

I use the comus inn and find it a fantastic community hub which is always welcoming.

I live in the village and I think the resources they are offering to us are best around. I look forward to the meals recommencing and their events.

The hotel rooms will be ideal for family coming to visit us. This will create further jobs.

I have no concerns about the opening hours, I believe this will help the business to serve breakfasts and allow more time to leave on an evening.

Kind regards

The comus in Camblesforth is the hub of the village.jade and her staff are working hard with the public to insure that employment for local person's. When they are able to open as s Hotel, Restaurant, public Bar .it will require more jobs for local and surrounding areas. to be able to meet up and enjoy the excellent Hospitality, Food, Entertainment. Ian has funded a great deal of his money into the comus. The New Function Room is sound proof for music, entertainment, restaurant etc.without causing Noise for local person's living nearby. The requested Hours as I have been told.That the contractor's , guest can have Breakfast before they go about their business each day.As for the later times would be on occasions such as weddings, restaurant and socially gatherings .The comus is a listed building and required to be available for our village .yours sincerely

Good evening ,

I think the village would benefit hugely by having longer licencing hrs for functions. There is nowhere local apart from the comus and this will be a huge added bonus.

Regards

Hi I am sending this email re comus inn.

I understand that people are trying to stop the extending of the licensing hours, I understand people's worries but it is my understanding that it's mainly for guests who are staying there then the occasional function ie weddings etc. Jade has supported the community throughout COVID . I feel it would be a great shame and loss to the village to lose the last remaining public houses in the village to some people it is a life line where they can meet up with other people. All the staff are supportive if someone needs to have someone to talk to I have lived in th \_\_\_\_\_ and I cannot imagine the village without it's LOCAL
