

End of project impact report

Grant Awarded: £950

Date Awarded: January 2017

Organisation Details

Name: Selby Boxing Academy

Address: Canal Road, Selby

Postcode: YO8 8AT

Project Details

Project Title / Description:

To purchase training equipment and offer safeguarding and first aid training to coaches and volunteers within the Club.

Contact Name: Mickey Bradshaw

Q1 In no more than 500 words please outline the key outcomes of your project.

To purchase head guards that can be used in the club and at organised events, to enable young people and adults to spar / have bouts.

To ensure that everyone involved in the club remain safe, vigilant, engaging and having fun.

To upskill coaches and volunteers within the club on safeguarding and first aid training.

Q2 In no more than 500 words please demonstrate how the project has met the Community Development Plan objectives that were identified in the original application for funding.

The funding had enabled the club to buy protective equipment so the young people attending the club can use when sparring and during organised matches.

It has ensured the club is up to date on first aid and safeguarding requirements to upskill volunteers and coaches within the club to ensure it continues to be a safe, fun and engaging place for everyone involved.

The club continues to tackle loneliness and isolation by using the safeguarding training to identify any vulnerable people and/or situations within the club and ensure they are being included, involved and supported in the best way possible.

Q3 In no more than 250 words please give details of any additional benefits or objectives that the project has met that were not anticipated/ outlined in the original application for funding.

Any other comments on the project and its success:

The club continues to grow within the district and is attracting more young people, families, and adults. It continues to work with the local high schools and outreach projects.

Without the support of the CEF it would have been harder to buy the equipment needed and provide volunteers with safeguarding and first aid training altogether without delaying the training or using funds that have been able to be utilised elsewhere in this not for profit club
