Selby District Council

Internal Audit Plan 2019/20

Audit Manager: Deputy Head of Internal Audit: Head of Internal Audit:

Circulation List:

Phil Jeffrey Richard Smith Max Thomas

Members of the Audit and Governance Committee Chief Executive Chief Finance Officer (S151 Officer)

Date: 10 April 2019

Introduction

- 1 This document sets out the planned 2019/20 programme of work for internal audit and risk management provided by Veritau for Selby District Council.
- 2 The work of internal audit is governed by the Accounts and Audit Regulations 2015 and the Public Sector Internal Audit Standards. In accordance with these standards internal audit is required to prepare an audit plan on at least an annual basis.
- 3 The plan is informed by the Council's main strategic risks. This is intended to ensure limited audit resources are prioritised towards those systems which are considered to be the most risky and/or which contribute the most to the achievement of the Council's priorities and objectives. The audit plan is however a working document and changes are made throughout the year to reflect changes in risk and any issues that arise.
- 4 The content of the audit plan has been subject to consultation with senior officers and is submitted for formal approval by the Audit and Governance Committee who is also responsible for monitoring progress against the plan. Changes to the plan are agreed with the Chief Finance Officer and are notified to the Committee. Proposed audit work is also discussed with the Council's external auditors to ensure there is no duplication of effort.
- 5 The plan is based on a total commitment of 355 days for 2019/20. This includes 322 days for internal audit, and 33 days to support the Council's risk management arrangements.
- 6 This a 20 day reduction from last year in order to fund additional priority counter fraud work. This is a temporary one year reduction to reflect increased demand on the counter fraud service and will be reviewed at the end of the year.

2019/20 Plan

- 7 The plan has been structured into a number of sections:-
 - **Corporate Risk Register;** this work involves reviewing the action taken, or to be taken, in managing the key risks to the Council.
 - **Financial Systems;** to provide assurance on the key areas of financial risk. This helps support the work of the external auditors and provides assurance to the Council that risks of loss are minimised.
 - **Regularity Audits;** to provide assurance on those areas identified through Veritau's risk assessment. Although not identified as a key corporate risk to the Council, they are recognised as key service risks.
 - **Technical/Projects**; to provide assurance on those areas of a technical nature and where project management is involved. These areas are key to the Council as the risks involved could detrimentally affect the delivery of services.

- **Client support & advice;** work we carry out to support the Council in its functions. This includes the time spent providing support, advice and training in relation to risk management in the Council.
- **Other;** an allocation of time to allow for unexpected work and the follow up of work we have already carried out, ensuring that agreed actions have been implemented.
- 8 Details of the 2019/20 plan are set out below.

Internal Audit Plan 2019/20

Corporate Risk Register

Creditors

Risk No	Risk	Audit	Scope	Days
003	The Council's financial position is not sustainable beyond 2021.	Savings Delivery	A review of the progress made on savings delivery proposals. This may include the Council's plans to utilise digital processes and whether this has realised the expected benefits.	10
		Financial Resilience	A review of the Council's financial resilience including medium-term financial planning.	10
004	Lack of organisational capacity and resilience to effectively deliver agreed outcomes and objectives for now and for the future.
