	Actual £k	Budget £k	Actual £k	Budget £k	Year to date Actual £k	
<b>Income</b>						
Investment Income	-207	-250	-454	-250	-204	Additional income from investment interest due to buoyant cash balances and the recent rates rise. The GF position has exceeded its £300k ceiling and this has transferred to the Contingency Reserve, a corresponding transfer has been made in the Accounting adjustments line below.
Recharges	-3,020	-3,006	-3,042	-3,006	-35	Allocation of insurance costs to services including the HRA and a small increase in support service recharges.
Customer & Client Receipts	-7,309	-6,720	-6,522	-6,720	198	There are income shortfalls in recycling income £137k, due to low prices for recyclates and an over estimate of recycling credit income from 2017/18, Planning Fee Income and Advice fell short of budget by £124k due to large applications not being submitted as originally planned and National Strategic Infrastructure Projects (NSIPs), £31k from private lifeline payers while the service is in transition to trial new service delivery, £50k Assets Team Trading due to staff shortages, Industrial Unit Rents £30k through lower occupation and Civic Centre Rental income £46k due to loss of hot desk income and delay in the Police Co-location project. Income exceeded expectations for the sale of bins for new developments (£22k), (£44k) Commercial Waste Income from increased customer base, partially offset by corresponding disposal costs in Supplies & Services below, Taxi Licences from fee increases (£16k), Council Tax Liability Order Fees for unpaid council tax (£30k), Planning Policy CIL administration fees from new housing developments (£15k), Car Parks (£31k) due the release of income held in suspense until identified, (£31k) dividend from the dissolution of the Procurement Partnership, miscellaneous income (£13k) and Legal Services Fees (£10k).
Government Grants	-16,093	-14,589	-14,442	-14,589	147	In conjunction with benefit payments below, lower demand for benefits and the introduction of Universal Credit, has seen a reduction in subsidy received, this is offset by reduced benefit payments below. Housing Benefit Admin Grant continues to reduce annually, this is partially offset by various smaller DWP new burdens grants £144k, including verification of earning and pension alerts, welfare reform changes and Universal Credit Admin changes.
Other Government Grant	-1,717	-1,563	-1,563	-1,563		
Other Grants/Contributions Etc	-333	-29	-156	-29	-126	Numerous grants a number of which were received late in the year include, brownfield register (£4k), Council Tax Family annexes (£12k), Transparency Code (£8k), Property Searches (£20k), EU Exit Preparation (£17k), Custom Build Grant (£30k) and Pocket Parks (£40k).
Budget Savings Required		-225		-225	225	Savings identified during the year include £30k Marketing service income, £42.5k Contact Centre digital transformation, Planning Services £60k & £1.3k SDHT Investment Interest, the balance being a shortfall against target.

<b>Expenditure</b>						
Employees	8,049	8,370	8,156	8,370	-214	A vacancy factor of £140k was set for the 2018/19 budget, this has been overachieved due to higher numbers of vacancies.
Premises	678	709	744	709	35	£38k NNDR on corporate buildings as a result of increases from the latest RV review.
Supplies And Services	8,648	8,605	8,697	8,605	93	Over spends as follows : Costs for insurance £19k through increased premiums, Costs for specialist support and general printing costs for Development Management £36k, increase in new business on the commercial waste contract increased costs by £31k, upturn in the requirement for temporary accommodation through legislation changes £22k and Communications support including a special edition of Citizenlink £14k, invoice write-offs including provision for bad debt adjustments £26k, Legal Service Support Costs through volume of work £74k (£61k Legal Support contract, £12k other service related costs) and Data & Systems Costs including hosting fees and increases in annual maintenance costs £20k. This is offset by refuse collection contract savings (£75k) across all collection services, the 18/19 budget was increased for additional rounds due to significant property growth in the district over the last 12 months, work continues with the contractor to mitigate the strain. Recycling costs are (£60k) below budget for disposal costs from lower tonnages collected over summer and lower contract fees due to inflation indexes. There a smaller savings including Scrutiny & Standards Committee Costs (£17k) as specialist costs not needed for the year and External Audit Fees (£11k) from reduced contract fees.
Transport	150	150	163	150	13	Car allowances across services £8k in particular through P4G funded posts and other associated travel costs.
Benefit Payments	15,256	13,714	13,670	13,714	-44	Over the course of the year there has been a 20% reduction in housing benefit claims caseload as Universal Credit rolls out reducing significantly the level of payments compared to last year. Overall after subsidy and overpayment transactions there is a £47k surplus against benefits.

<b>Comment</b>					
Additional income achieved in investment interest due to buoyant cash balances and the recent rates rise.					
Deficit in rent income was anticipated through a number of long term void properties. Work continues to address long term void properties to get them back in to rental including procuring contractors for specific works. Sales to date have some influence but are in line with assumptions made for the year (21 sales against 20 estimated). The completion of the Crawford Close development in Byram will have a positive impact on income.					
Hostel and Temp Accommodation rent income exceeded budget by (£6k), Community Centre Room Hire (£9k) and other smaller amounts including recovered legal costs and property management charges.					
Loss of Supporting People Homelessness funding					
Reduced income from recharges for works on corporate buildings.					
Costs of Cleaning staff at the Community Centres, resolved for 2019/20 as part of the HRA budget setting exercise.					
Savings for the year on painting (£36k), due to the volume of properties requiring surveying in conjunction with the capital programme. There is a saving of (£22k) on solid fuel servicing this is from fewer failures and the push to get more property on a gas supply. There are savings of (£26k) at Ousegate Hostel and other temporary accommodation on repairs and utilities for the year, similarly Community Centre utilities & repairs (£33k).					
There are numerous variances, the largest being (£71k) saving on subcontractors as some of the works (wet rooms) are being managed through the capital programme. Other smaller savings include Tenant Participation costs (£13k), ICT (£7k), Rent cards (£7k), Septic Tank emptying (£7k) and community centre costs (£7k). This is offset by materials £17k due to prices and work done in-house, change of tenancy £22k to get void property back in to use, general insurance costs £16k. Other smaller overspend variances include, Skip Hire £6k, Court Costs £5k, Gas Audits £5k and general Ousegate Hostel Costs £5k.					
Slight Increase in Support Services from the General Fund.					
Due to delays in housing development programme, no new borrowing was taken for 2018/19. Interest rates rises may prompt action to increase borrowing to mitigate future interest costs.					
Contingency drawdowns not utilised during the year.					
A nominal provision against rents is made in the budget, arrears calculations have not suggested an increase is required yet although the continuing roll out of universal credit may have an influence in future years.					

## SAVINGS PLAN

## Indicative Cumulative Profile - GF

Potential Saving	Sponsor	2018/19 Target £000's	2018/19 Outturn £000's	Q3 December 2018	Current Risk
Pest Control	KC	15	15	Completed	Low
Income generation	SR	0	0	Fees and charges are under review as part of the budget process with limited opportunities in 19/20 and further opportunities to be identified from 20/21 onwards . There will not be any additional income from fees and charges in the current year.	High
Process improvements /on-line transactions	JS	70	42.5	Savings in the year generated from vacancies within the contact centre which have been removed from the structure from 19/20. Channel shift and housing system projects have been approved. Work has been undertaken that has identified the savings and there is confidence that the target for 19/20 will be exceeded.	Medium
Planning service review	JC	200	60	The target was revised during the year as it became clear that £200k could not be saved this year without considerable detriment to the service. Work continues to recruit to vacant posts in order to reduce agency spend, however a net saving against the payroll / agency budgets overall indicates that the agency premium has been negated by staffing at lower levels than establishment, despite planning income being at similar level to prior year.	High

## SAVINGS PLAN

Asset rationalisation	JS	90	28	Ex Profiles Gym has been let to a tenant generating £28k in 18/19. The remainder of this saving is dependent upon the contact centre move from Market Cross and Police Co-location. The extension to accommodate the Police and the contact centre (telecoms) will be completed in Q1 2019/20. Some changes to the Civic Centre to accommodate face to face customers will also take place in Q1 2019/20. Negotiations are ongoing with the landlord of Market Cross to realise the savings in rent. The contract for the Police move will commence from April which will generate £69,000 in rent and service charges. In addition, Align Property Services will be using desk space at the Civic Centre which will deliver £X additional income.	High
Commissioning & collaboration	JS	0	30	The savings expected in 2019/20 have been identified as part of the budget process. The 18/19 target will be met through the work done for another local District Council.	High
New SDHT Loans	DC	17	18.3	Loans currently made to the Selby District Housing Trust have generated £18.3k of interest returns in 2018/19. A number of schemes are currently in progress. The revised and expanded Housing Development Programme agreed by Executive in January 2018 identifies a significant role for the SDHT in delivery which will provide further loan opportunities for SDC. Forecast has been retained at the level of current existing loans, but there is scope for new loans to be made during the year.	Medium

General Fund	Annual Budget	Year End Actual	Year End Variance	Carry Forward	Final Variance	Comments
Selby Park Improvement Work	20,888	-172	-21,060	21,060	0	Works to replace the lighting columns within the park were delayed until after TDY. A carry forward for the funds was submitted as part of the year end process. Failure to secure the funds would result in the works not proceeding. Currently awaiting timescale for completion from contractor. Works anticipated to come in on budget
DIP System upgrade	23,000	22,575	-425	0	-425	Northgate upgrade for year completed.
Industrial Units - Road Adoption	325,000	0	-325,000	325,000	0	Further information being sought from NYCC Highways regarding detailed specification requirements and contribution to enable formulation of an estimate of costs. Budget costings received from contractor.
GIS System	65,641	28,510	-37,131	37,131	0	Budget for GIS Digitalisation project is now committed for completion by May 2019. Spend to be phased over 18/19 and 19/20. 18/19 actual spend £29k. 19/20 £37k budget requested to be carried forward to be used to cover the business case of an upgrade to the GIS system. The upgrade will allow for seamless data available in the field and enable mobile working around site planning visits. This will maximise the benefits of the digitalisation project.
Benefits & Taxation System upgrade	12,675	4,000	-8,675	8,675	0	Software upgrades for legislative changes and E-billing implementation and configuration for Annual billing process in Jan 19. Remaining budget is linked to software upgrade supporting Channel Shift Phase 1. Carry forward to be used for Software upgrades for legislative changes and E-billing implementation delayed from 18/19
IDOX Planning System	37,274	23,546	-13,728	13,728	0	18/19 costs for standard IDOX upgrades & £14k towards consultancy and user training on Licensing/Enterprise Planning and Maploader for ARCGIS. Carry forward to support the IDOX suite of software applications for upgrades and patches as part of the IDOX Roadmap. This will ensure that we remain PSN compliant throughout 2019/20. Also this will support the software recommendations that form part of the Planning Service Review currently ongoing throughout 2019/20.
ICT - Infrastructure Costs	32,082	27,485	-4,597	4,597	0	Projects in motion for infrastructure improvements include; Upgrade to door access system, Trades team move to Vivars, Server upgrade for Northgate, Changes to GCSX mail. Carry forward requested is to be used for improvements to the ICT Infrastructure in respect of projects in the digital strategy.

## 2018/19 Selby District Council Capital Programme - To 31 March 2019

General Fund	Annual Budget	Year End Actual	Year End Variance	Carry Forward	Final Variance	Comments
ICT - Annual Software Licence	85,000	0	-85,000	85,000	0	To be used to purchase Microsoft Licenses in 19/20. Procurement was delayed whilst soft market testing was undertaken and agreement found with NYCC. A carry forward has been requested to be used to purchase Microsoft licences in 19/20. The carry over is because the procurement of a Microsoft Partner was delayed. A partner is now being contracted and the project has started with the design stages in progress - these stages will inform the licence requirements. The licences will enable digital workforce and ensure the organisation is licensed correctly for Microsoft products.
ICT - Desktop Replacement Programme	7,448	7,536	88	0	88	Desktop replacements as required. Equipment refresh order in March 2019 to complete the year
ICT - Software	85,194	0	-85,194	85,194	0	Budget committed to the Digital Foundations Project. A carry forward has been requested to support software requirements and configuration for digital workforce. The carry over is because the procurement of a Microsoft Partner was delayed whilst soft market testing was undertaken and agreement found with NYCC. A partner is now being contracted and the project has started with the design stages in progress - these stages will inform the software implementation requirements.
Committee Management System	18,000	15,000	-3,000	3,000	0	ModernGov software now live as of April 19, £3k carry forward requested to cover final costs
Northgate Revs & Bens	32,000	6,925	-25,075	25,075	0	Budget required for system upgrades following legislative changes in relation to e-billing. Currently awaiting costs for the Benefits/Information@Work integration before commitment. This work will aid the delayed channel shift project. Currently committed £950 to Northgate for HMRC Landlords extract. £20k virement actioned for Scanstation funding to be delivered in 19/20
Asset Management Plan - Leisure & Parks	30,210	0	-30,210	0	-30,210	IHL have completed inspections of the items in the planned maintenance programme for 2018/19. No works are required and items deferred to 2019/20. As part of the budget setting process progress is being made to develop the 2019/20 planned maintenance programme which will include a review of deferred works from 2018/19.
Portholme Road Culvert	371,374	-47,766	-419,140	419,140	0	An updated streetworks license with permission to occupy the highway from 13th May is in place. Traffic management signage has been installed with a works commencement date of 15th May with a construction period of 9 weeks. Due to unplanned delays, contract costs amounting to £37k have been incurred in addition to the tendered sum. At this stage and until works commence, it is not known what the likely final cost will be, although the optimism bias has significantly reduced to 10%. Early indications from the Environment Agency are that the Grant in Aid claim is likely to be approved to the value of £109k. Due to the tendered price and reduced optimism bias plus the grant, this scheme will come in below budget.
Bus Station Refurbishment	53,000	41,916	-11,084	0	-11,084	Project completed resulting in a saving for 18/19

## 2018/19 Selby District Council Capital Programme - To 31 March 2019

General Fund	Annual Budget	Year End Actual	Year End Variance	Carry Forward	Final Variance	Comments
Police Co-Location Project	229,710	188,376	-41,334	41,334	0	Works commenced on site with a scheduled build of 19 weeks, due to a number of factors the build will have taken 30 weeks to complete, primarily supply chain issues for Interserve following insolvency and inflation due to the delays in the project. The budget Expected outturn will be £10k over budget at approximately £240,000. Work still ongoing with costings, this an estimated final cost (the final valuation hasn't been completed) The police have been invoiced from the 1 April 2019 following the issue of the certificate of partial completion and occupation by the neighbourhood policing team.
Car Park Improvement Programme	582,376	154,395	-427,981	427,987	6	Works to Audus Street are now complete, South Parade are due to commence on 20th May 2019 (delayed until after TDY), costs are due to come in as anticipated. A carry forward request and appropriate accrual were submitted as part of the year end process. The carry forward will be required to complete South Parade and the 2 Micklegate car parks.
ICT - Channel Shift 1 Website & Intranet	10,500	10,500	0	0	0	£10.5k current spend to date on Phase 1 project to implement Northgate solution. Potential integration costs between Northgate and East Riding (Revs and Bens hosts) still to be obtained once integration work has been agreed.
ICT - Channel Shift 2 Website & Intranet	57,500	0	-57,500	57,500	0	Channel shift Phase 2 (Customer portal) project which is due to be delivered in 19/20 as per the business case and project plan. This will follow the implementation of Channel shift phase 1 (Revs & Bens project) in Q1 19/20
ICT - Channel Shift 3 Website & Intranet	18,000	0	-18,000	18,000	0	Channel shift Phase 3 (Housing management CX integration) project which is due to be delivered in 19/20 as per the business case and project plan. this will follow the implementation of Channel shift phase 2 (Customer portal project) in Q1 19/20
ICT - Disaster Recovery Improvements - Software / Hardware	41,500	13,812	-27,688	27,688	0	Project started but progress slow, Project documentation being developed for approvals. - £14k Back up solution - has been implemented. A carry forward request has been submitted for the procurement of replacement Firewalls and Remote Access solution to meet the organisations Disaster Recovery and Business Continuity requirements. The procurement has been delayed due to NYCC proposing a suitable solution aligned to the improvements being made in the Digital Strategy projects. Project to be delivered by end July 2019. New firewalls and remote access solution will be procured and will be implemented by end July 2019.
ICT - End User Devices - Software / Hardware	96,000	9,005	-86,995	86,995	0	Budget committed to the Digital Workforce Project, project documentation being developed. Actual spend will follow the Microsoft procurement and will be phased over 18/19 and 19/20 The procurement has been delayed due to procurement of Microsoft licenses. Until licences are procured the organisation is unable to purchase new devices. A partner is now being contracted for Microsoft Licenses and roll out of new devices will align to the roll out of Microsoft licenses during 19/20

## 2018/19 Selby District Council Capital Programme - To 31 March 2019

General Fund	Annual Budget	Year End Actual	Year End Variance	Carry Forward	Final Variance	Comments
ICT - Digital Workforce - Telephones - Mobile Working	40,000	0	-40,000	40,000	0	Budget committed to the Digital Workforce Project & Project documentation being developed. The project has been delayed due to sourcing an improved solution which needs to wait until new user devices are available to be rolled out to officers A carry forward has been requested and will be used to standardise workstations aligned to the digital workforce project, ensuring officers have the tools to undertake their roles. This includes the purchase of monitors, docking stations and power where required.
New Build Projects (Loans to SDHT)	6,619,900	1,623,588	-4,996,312	4,996,312	-0	These are schemes delivered by SDHT through loans from SDC. Ulleskelf scheme - Handover has taken place on all 12 properties. Riccall scheme is now complete and handover to the Trust has taken place, project is under budget (awaiting final confirmation and final account due September 2019) Exchange has taken place for the purchase of 12 properties at Bridge Wharf, Ousegate and 6 have been completed, with the remaining 6 properties expected to be handed over during May 19 once the outstanding planning conditions are discharged. Further work is to be done on costings on packaging up smaller sites for development to deliver value for money.
Private Sector - Home Improvement Loans	60,000	-2,085	-62,085	12,407	-49,678	The Repair Loan is a reactive service which provides emergency repairs (such as boiler and heating replacements) to vulnerable private sector owner occupiers. Take-up in 2018/19 was low which is reflected in the significantly reduced spend. The underspend will include a number of loan repayments (recovered on the sale of properties) and these will be carried forward into 2019/20 in line with previous Regional Housing Board requirements. The Repair Loan service will remain available in its current form in 2019/20.
Disabled Facilities Grants (DFG)	668,203	440,093	-228,110	228,110	0	Bringing the service in house has seen real improvement in the throughput of grants. Working closely with NYCC OTs and contractors to streamline the processes has resulted in a significant reduction in days to complete down from 127 last year to just 79 this year. The number of completions has increased with 57 completions in 2018/19, 33 more people able to remain living at home. With the new systems in place it is anticipated all this year's carry forward (£228,110) will be spent and the 2019/20 outturn will be 100% of £671,705 budget.
	9,622,475	2,567,239	-7,055,236	6,963,933	-91,303	

Housing Revenue Account	Annual Budget	Year End Actual	Year End Variance	Carry Forward	Final Variance	Comments
Kitchen Replacements	130,000	4,924	-125,076	125,076	0	Funding for the kitchen programme was originally held back in order to combine it with funding from 19/20 in order to make a more attractive and cost effective package for external contractors.  The Council's decision to support our capital bid to increase funding overall for the kitchen programme, combined with the funds from 18/19 will ensure we can maximise value for the investment.
Housing & Asset Management System	262,083	129,707	-132,376	132,376	0	Forms part of the Housing software replacement project that will continue throughout 2019/20
Pointing Works	846,400	570,939	-275,461	275,461	0	A carry forward for the outstanding funding was submitted as part of the year end process. The underspend is reflective of the investment held back in anticipation of the Hillside project coming forward at some point in the future.
Electrical Rewires	240,000	214,535	-25,465	0	-25,465	This budget is used as and when upgrades and partial re-wires are required
Bathroom Replacements	59,860	57,804	-2,056	0	-2,056	Programme commenced as scheduled and is now complete, slight saving as customer refused work to be carried out
Asbestos Surveys	13,232	12,951	-281	0	-281	Slight underspend due to higher levels of access refusal than anticipated in relation to pointing programme.
External Cyclical Repairs (Painting & Windows)	320,000	61,034	-258,966	258,966	0	Contractor pricing of properties surveyed to date received on 31/10/18. As anticipated, the level of works required exceeds the budget available in 18/19. Additional funds sought for window and door replacement works from 19/20 onwards.  The bulk of the programme was delayed due to the volume of properties requiring surveying, the main programme commenced March 2019 and running through in to 19/20. This will dovetail with the increased capital bid approved by the Executive (subject to Council approval).
Central Heating System Replacements	295,000	238,227	-56,773	56,773	0	Currently identifying systems which are nearing the end of their economical lifecycle with a view to implementing a replacement programme early in the new year.  Based on previous year's it is anticipated that there will be an underspend on this budget of circa 25% which we will seek to roll forward as in previous years. Looking at the current asset profile, it is envisaged there will be a peak in spend in 22/23. We are seeking to smooth this spike through proactive replacement.

Roof Replacement	741,636	29,831	-711,805	711,805	0	Following completion of the Section 20 consultation process for the replacement of the roofs on the Hillside estate, SDC were notified by one of the leaseholders of a potential issue not covered within the scope of works. We have commissioned an independent survey of the property in question and surveys of one property of each design type. This will confirm changes in the scope of the work. The contract prices received will need to be updated once this work is complete
Damp Works	220,000	91,888	-128,112	128,112	0	Although contractual damp works are now underway, delays agreeing the contract early in the year have impacted delivery. As the funds are contractually committed however the outstanding funds an application to roll forward the funds to 19/20 has been submitted
External Door Replacements	226,051	29,388	-196,663	196,663	0	Contractor delays in surveying properties and confirming prices has impacted delivery commencement. We had a meeting with the contractor on 22nd February to review performance and realign the delivery programme. As the funds are contractually committed however, an application to roll forward the funds to 19/20 has been submitted
Void Property Repairs	145,000	183,083	38,083	0	38,083	2 additional staff members allocated to working specifically on voids, full year budget anticipated to be spent by the year end.
Fencing Programme	42,821	21,991	-20,830	20,830	0	Phase 1 of the programme completed on time and in budget. Phase two programme issued to contractor and completed by end of 18/19. A carry forward has been requested towards works for completion on Yr 3 of the programme, the additional funding will enable more properties to be completed
St Wilfrid's Court	13,000	0	-13,000	13,000	0	Budget relates to works required to upgrade lifeline equipment and is to be undertaken as part of wider improvement of the property A significant programme of investment is planned for St Wilfrids Court in 2019/2020 and this funding has been held back to enable SDC to maximise value achieved through these works.
Laurie Backhouse Court	28,000	-10,231	-38,231	38,231	0	Original quotations to replace the lift exceeded the available budget by circa £15k. Additional funds will need to be secured in order to complete these works. Due to the time which has elapsed since the initial tender process was completed, updated pricing to be obtained from the market prior to commissioning the works. It is anticipated this will be around £10k. A virement form to cover the expected shortfall in funding will be submitted once the revised pricing is received. Works to replace the lift are ongoing and tenders have been received in April 2019 and contracts issued.

**Programme for Growth 2018/19 Financial Year Project Updates**  
**Multi Year schedule for the project lifespan**

Project	Lead Officer	Multi-Year Project Budget	In Year Spend 18/19	Remaining Project Spend to Carry Forward	Update
Healthy Living Concepts Fund	Angela Crossland	82,176	385	(81,791)	The HLC fund is an accrued fund. The Selby Health Matters group have now finalised a 3 year action plan to support delivery of local initiatives for which this fund will support. A final year of contribution is due to fund for 2019/20 of £35k. The amount also needs to carry forward into the following year to support the action plan. Current projects underway are the Local Cycling and Walking Infrastructure Plan which has a committed amount from the fund of £50k. The work commenced in Dec 18 and is due to conclude by end Sep 19.
Visitor Economy (Tourism & Culture)	Angela Crossland	542,193	64,964	(477,229)	Budget represents a 3 year programme which will be complete by 1/10/22. Year 1 was about creating the foundations. Whilst the initial period has seen very little expenditure, the foundations for delivery have been put in place, including quality officers being recruited into the delivery posts. These are helping with the delivery of the two major cycle races. The team have also led on securing funding to support some of the Selby 950 celebrations (see project below). The emphasis of the work has been on: <ul style="list-style-type: none"> <li>• Developing baseline and evaluation data to build a picture of what events and activities bring to local business and audiences.</li> <li>• Establishing strong business and community relationships to continue activity, strengthen visitor products and build legacy partnerships in the district's visitor, heritage and creative sectors;</li> <li>• Establishing baseline data on audiences, visitors and how these demonstrate the strength and response to our district offer.</li> </ul>
Celebrating Selby 950	Angela Crossland	50,000	5,551	(44,449)	The budget represents SDC's contribution to a the major programme of events to celebrate Selby 950 being led by SDC in partnership with other key stakeholders in the town and is also partially funded by external funders. Match funding has successfully been awarded by ACE (£70k) and HLF (£45k) which will enable an exciting and engaging programme of work to be delivered in 2019/20. Contracts will be awarded in April 2019, as soon as permission has been given by the funders and is expected to be complete by February 2020.
Retail Experience - Tadcaster Linear Park	Angela Crossland	160,003	9,730	(150,273)	The Tadcaster Riverside Park project is a long running project currently at design and costings phase with Amey Enterprises. Recent work has been to finalise the design costings. Phase 2 is to put the contract and operational arrangements in place to deliver the project in 2019. Carry Forward amount required to complete the project in full.
Growing Enterprise	Iain Brown	76,761	14,211	(62,550)	Budget to support one of the 10 priorities in Economic Development Framework (EDF) 2 year delivery programme as approved at the January 2019 Executive. It helps to match-fund small business support with the Leeds City Region LEP and unlock support for small businesses through the Ad:Venture and Digital Enterprise. We also held a very successful first Selby District Business Week. £35k was re-allocated from this project to fund staffing in the Economic Development & Regeneration service to support delivery of the 2 year EDF delivery Plan as approved at the January 2019 Executive.
Marketing Selby's USP	Mike James	78,108	43,213	(34,895)	The focus during the second half of 2018/19 has been to create human-interest case studies linked to our strategic development sites and to create material that can tell the story of the positive impact on local people and businesses of new investment. This two-pronged approach has enabled us to support the District Council's offer at the recent international property exhibition, MIPIM (working in partnership with the LCR LEP), as well as to support a number of local media campaigns focusing on people already living in the district who're benefiting from new jobs and opportunities. The project is scheduled to continue until December 2019 and at the financial year end we carried out a review of the impact of the work so far. This has helped to shape the proposed approach for the next six months.

Project	Lead Officer	Multi-Year Project Budget	In Year Spend 18/19	Remaining Project Spend to Carry Forward	Update
Tour De Yorkshire	Angela Crossland	150,000	46	(149,954)	SDC contribution to hosting the finish of the first stage of Tour de Yorkshire (TdY) in May 2019 in Selby Town which will be incurred in early 19/20. This will give the town a massive publicity boost in the year of the Abbey's 950 celebrations.
Retail Experience - STEP	Angela Crossland	108,340	30,192	(78,148)	STEP have an identified action plan and have been moving slowly on this. New work has been commissioned by SDC to develop a town centre strategy and action plan (see below) and this aligns well with the work STEP are doing. Final plans to deliver street scene priorities identified by STEP are due to be implemented in late 2019/20. Spend heavily reliant on partnership engagement and influence on project delivery.
Towns Masterplanning (Regeneration)	Angela Crossland	120,000	273	(119,727)	Work has been commissioned in 2019/20 from the People and Places consultancy (Chris Wade) to develop town revitalisation plans and prepare for Future High Streets Fund applications throughout 2019. The first stage of work has been completed in 2019/20 including significant survey and engagement work. Further work on this across the three towns will continue into Summer/Sept 2019. Work will identify where match fund and further commission is needed and establish the further governance model to move the project forward.
Strategic Sites Masterplanning	Iain Brown	200,613	47,296	(153,317)	Funded due diligence work on Olympia Park, Portholme Road, Edgerton Lodge and Selby Station Masterplan. Likely future projects will include strategic infrastructure response to Sherburn Employment sites, improvements to the area around the railway station in Selby and the Crosshills site. Expenditure includes consultancy work to support the Transforming Cities Fund bid for Selby Station. £46k was re-allocated in the budget from this project to fund staffing in the Economic Development & Regeneration service to support delivery of the 2 year EDF delivery Plan as approved at the January 2019 Executive.
Access to Employment	Iain Brown	40,000	0	(40,000)	Liaison with local businesses has emphasised the increasing severity of labour market challenges at Sherburn-in-Elmet. This will likely be exacerbated by the impending development of S2. Through collaboration managed by the Economic Development team between Arriva, WYCA, and Sherburn based businesses, we are close to a transport solution to improve scheduled public transport services. The option for Selby District Council to underwrite short term risk using P4G funding is being considered if necessary to achieve a collective agreement between all stakeholders. £60k was re-allocated from this project to fund staffing in the Economic Development & Regeneration service to support delivery of the 2 year EDF delivery Plan as approved at the January 2019 Executive.
Green Energy	Iain Brown		0	0	£50k was re-allocated from this project to fund staffing in the Economic Development & Regeneration service to support delivery of the 2 year EDF delivery Plan as approved at the January 2019 Executive.
Church Fenton Studios	Iain Brown		0	0	£300k was re-allocated from this project to fund staffing in the Economic Development & Regeneration service to support delivery of the 2 year EDF delivery Plan as approved at the January 2019 Executive.
Business Space & Accommodation Review	Iain Brown		0	0	£17.2k was re-allocated from this project to fund staffing in the Economic Development & Regeneration service to support delivery of the 2 year EDF delivery Plan as approved at the January 2019 Executive.
Housing development Feasibility Work	Iain Brown	125,000	24,806	(100,194)	Housing development feasibility project to identify viability of sites for development.

Project	Lead Officer	Multi-Year Project Budget	In Year Spend 18/19	Remaining Project Spend to Carry Forward	Update
Empty Homes	June Rothwell Simon Parkinson	115,475	27,020	(88,455)	Overall the project is progressing well and there have been some good early results and the Empty Homes Officer has directly helped bring empty homes back into use by offering advice and assistance to owners. Homes England Grant funding has been secured to support the options of voluntary and compulsory purchase. A total of £390,000 has been secured, subject to individual business cases for the properties, to purchase and repair the empty homes, bringing them to a habitable standard. This indicative funding is to bring back in to use 10 empty properties up to 2020, providing up to £39,000 per property. We are currently pursuing our first Compulsory Purchase Order and a report will be taken to executive in December 2018. The process can be long and quite complex but a successfully CPO will send the message that this is a priority for us. We can also use the funding to purchase 'right to buy' buy backs and this is something we will consider on a case by case basis.
Selby District Housing Trust	Iain Brown	38,300	3,450	(34,850)	This fund is to support SDHTs role in the more ambitious HDP approved by Executive in January 2018. A new officer has now been appointed to support the SDHT. The Trust have taken occupation of an additional 13 new affordable homes in 2018/19 delivered through new build and Section 106 acquisitions.
Stepping Up' Housing Delivery	Iain Brown	24,862	14,943	(9,919)	The Project will support the implementation of the Housing Development Programme approved by the Executive in January 2018. £25k was re-allocated from this project to fund staffing in the Economic Development & Regeneration service to support delivery of the 2 year EDF delivery Plan as approved at the January 2019 Executive.
Olympia Park	Iain Brown	435,000	144,015	(290,985)	Good progress towards delivering Olympia Park has been achieved in 2018/19. The majority of surveys and reports have now been completed on the site, and the lead developer (OPD Ltd) is using these to inform alternative engineering design solutions to address the flood and ground condition issues identified through this up to date survey work. The Council will be consulting on a new Development Brief and masterplan for the site this summer. An application for the link road into the site is also due this summer and the evidence base and masterplan will support the submission of a detailed planning application for the site later in 2019. The Council has a dedicated project manager to lead the delivery of this key site. We are also continuing to work with our legal and property advisers to ensure our delivery strategy is robust. The Council secured £8.878m Housing Infrastructure Funding from Homes England and draw-down of the grant funding will start in 2019/20 with completion of the new link road into the site due by March 2021.
Making our Assets work	Iain Brown	180,000	13,407	(166,593)	The budget is targeted at funding due diligence work to bring the Council's own land assets to the market. These include small garage sites, Portholme Road, Edgerton Lodge, Barlby Road depot and Bondgate. £50k was re-allocated from this project to fund staffing in the Economic Development & Regeneration service to support delivery of the 2 year EDF delivery Plan as approved at the January 2019 Executive.
Summit Indoor Adventure Activity Refresh	Keith Cadman	230,000	228,480	(1,520)	Works completed during 2018/19 to change the activity mix at the summit after the identification of activities that needed a refresh.
Commercial property acquisition fund	Iain Brown	3,500,000	460,576	(3,039,424)	This fund was used to acquire the two former Nat West Banks in Selby and Tadcsater. Other opportunities are being explored subject to developing robust business cases.
High Street shop fronts	Angela Crossland	100,000	0	(100,000)	Scope in place and workshop arranged with Historic England to explore heritage development initiatives. Possible opportunity for match-funding through the new High Streets Heritage Action Zone fund to be overseen by Historic England. This initiative is also interdependent with the Towns Masterplanning project (see above). Funds are allocated to be spent within the next 2 financial years. A project officer has now been assigned to lead this from within the Communities and Partnerships team.

Project	Lead Officer	Multi-Year Project Budget	In Year Spend 18/19	Remaining Project Spend to Carry Forward	Update
New lane - Public Realm	Iain Brown	200,000	0	(200,000)	This project has been delayed and new timelines are to be determined because of current capacity issues at both SDC and NYCC. This initiative is also interdependent with the Towns Masterplanning project (see above). £30k was re-allocated from this project to fund staffing in the Economic Development & Regeneration service to support delivery of the 2 year EDF delivery Plan as approved at the January 2019 Executive.

Portholme Road collapsed culvert	Repair works - Stage 2 interim invoices have been paid up to the end of January but works will now not start until 7/5/19 due to issues with street works licensing	419,141	419,141	419,141
Mand Disabled Fac Grant Payment	DFG is a mandatory means tested grant. In 2018/19 DFG was brought in house to improve delivery. Although 18/19 has seen a significant increase in spend and completed DFG's there is still a significant underspend which can be utilised in supporting future commitments.	668,203	228,110	228,110
Committee management system - Software	Carry forward to allow the completion of the Committee Management software rollout in April 2019	18,000	3,000	3,000
Police Co-location project	Works to complete the extension to the Civic Centre are on going. This funding is required in order to fulfil SDC's commitment to the project. Failure to carry forward this budget will result in SDC being in breach of contract	229,710	41,334	41,334
Industrial units - road adoption	This funding in 19/20 will result in the required improvements to bring the road to adoptable standard - without funding, will result in additional liability for SDC in the future as the current road deteriorates.	325,000	325,000	325,000
Selby Park improvement	Works to replace the lighting columns within the park have been delayed until after the Tour de Yorkshire. Failure to secure the funds in 2019/2020 will result in these works not progressing.	21,060	21,060	21,060

Car park improvement programme	Improvement works to the Year 2 programme (Audus Street and South Parade) have taken longer to come to site due to requirements to upgrade the electrical installations to accommodate electrical vehicle charging infrastructure. Contracts have been let for both car parks and an accrual of £50,000 has been submitted for works completed at Audus Street which have not yet been invoiced. Works to South Parade car park have been postponed until after the Tour de Yorkshire. Failure to secure the outstanding budget to support the works committed and in preparation will significantly impact our ability to deliver the improvement programme across the nine identified areas.	582,376	477,981	427,987
Annual licenses software	To be used to purchase Microsoft Licenses in 19/20. Procurement was delayed whilst soft market testing was undertaken and agreement found with NYCC. A partner is now being contracted and the project has started with the design stages in progress - these stages will inform the licence requirements. initial discussions and soft market testing indicate that the value should cover requirements for SDC year 1. Bids have been agreed for yrs 2 and 3 which will need moving once year forward. The licences will enable digital workforce and ensure the organisation is licenses correctly for Microsoft products	85,000	85,000	85,000
Digital workforce	This will be used to standardise workstations aligned to the digital workforce project ensuring officers have the tools to undertake their roles. This includes purchase of monitors, docking stations and power where required. The project has been delayed due to sourcing an improved solution which needs to wait until new user devices are available to be rolled out to officers	40,000	40,000	40,000

Description	Purpose of Carry Forward	18/19 Current Budget	Remaining Budget	Carry Forward Request
Disaster recovery	To be used for the procurement of replacement firewalls and remote access solution to meet the organisations disaster recovery and business continuity requirements. The procurement has been delayed due to NYCC proposing a suitable solution aligned to the improvements being made in the digital strategy projects. A supplier is now being contracted and the work will be completed in Q1 19/20	41,500	27,688	27,688
End user devices	To be used to replace end user devices aligned to the digital workforce project, due to the current device estate being end of life and not fit for purpose. The procurement has been delayed due to procurement of Microsoft licenses. Until licences are procured the organisation is unable to purchase new devices. A partner is now being contracted for Microsoft Licenses and roll out of new devices will align to the roll out of Microsoft licenses	96,000	86,995	86,995
Software	To be used to support software requirements and configuration for digital workforce. The procurement of a Microsoft partner was delayed while soft market testing was undertaken and agreement found with NYCC. A partner is now being contracted and the project has started with the design stages in progress - these stages will inform the software requirements	85,194	85,194	85,194
GIS system	To be used to cover the business case of an upgrade to the GIS system. The upgrade will allow for seamless data available in the field and enable mobile working around site planning visits. This is to maximise the benefits of the digitalisation project.	65,641	37,131	37,131
Planning system	To support the IDOX suite of software applications for upgrades and patches as part of the IDOX roadmap. This will ensure that we remain PSN compliant through 19/20	37,274	13,728	13,728

Description	Purpose of Carry Forward	18/19 Current Budget	Remaining Budget	Carry Forward Request
Central Heating systems	Not experienced as many failures in 18/19 as anticipated therefore seeking to roll forward the balance of funding to enable us to continue our programme of 'just in time' replacements. As highlighted in previous years we are anticipating a spike of replacements in 22/23 based on the installation cycle: and we continue to try and smooth this through proactive early replacement where possible. Provision of adequate heating is Category 1 hazard under the Housing Health and Safety Rating System; failure to ensure such provision could leave SDC open to increased claims for disrepair under the new homes (fitness for Human Habitation) Act 2018	295,000	56,773	56,773
Community centre refurbishment	A fire risk assessment (FRA) completed at Grove House identified a number of issues which need to be addressed around the fire safety and security our community centres. This funding has been held pending completion of the programme of FRA's approved as part of the 2019/2020 budget to enable us to maximise value for money for the improvements required to the community centres. The risk of not undertaking this work is that we fail in our statutory duty as a landlord, and potentially put our customers at risk should a fire occur. The penalties for failing to comply with statutory Health and Safety legislation are severe.	48,000	48,000	48,000
Damp Works	Delays in agreeing the contract impacted delivery of the programme. Damp and problems associated with its presence is the primary cause of disrepair claims received by the council. In recent months SDC has seen an upturn in 'claims farm' generated disrepair cases and the New Homes (Fitness for Human Habitation) Act 2018 is likely to increase the number exponentially. Failure to secure the balance of funding in 19/20 will impact on our ability to address problems of damp within our properties and may ultimately result in additional expenditure being incurred via compensation to tenants through successful disrepair claims.	220,000	128,112	128,110

Description	Purpose of Carry Forward	18/19 Current Budget	Remaining Budget	Carry Forward Request
Environmental improvement	Capital improvement works are shortly to commence on improvement projects at both St Wilfrid's Court, Brayton and Prospect Place, Wistow. The funds for these projects are contractually committed and failure to secure the funds in 19/20 may leave SDC open to potential breach of contract proceedings. Colleagues in our Contracts team have also identified a project which requires significant investment and they are currently working with the local community to agree the design proposals. The balance of funding from this programme will be utilised to support the hard landscaping elements of this project.	150,488	148,909	145,710
Fencing programme	Contract let over 3 years to upgrade fencing to the Councils housing stock. Yr 2 of the programme has been successfully completed. Works for completion on Yr 3 of the programme have been identified and the additional funding will enable more properties to be completed.	42,821	20,830	20,830
Housing development scheme	This funding relates to delivery of the Housing Development programme which is ongoing.	1,200,000	1,199,400	1,199,400
Kitchens	Funding for the kitchen programme was originally held back in order to combine it with funding from 19/20 in order to make a more attractive and cost effective package for external contractors. The councils decision to support our capital bid to increase funding overall for the kitchen programme, combined with the funds from 18/19 will ensure we can maximise value for the investment.	130,000	125,076	125,076

Description	Purpose of Carry Forward	18/19 Current Budget	Remaining Budget	Carry Forward Request
Ousegate Lodge	The fire risk assessment completed at the property in February 2019 identified significant issues in terms of compartmentation works which need to be addressed. We are currently sourcing three quotations for the works to enable the necessary upgrades to be completed. Failure to secure the funds in 2019/2020 will result in funds needing to be secured from the responsive repairs budget which will increase financial pressure on that budget. The risk of not undertaking this work is that we fail in our statutory duty as a landlord, and potentially put our customers at risk should a fire occur. The penalties for failing to comply with statutory Health and Safety legislation are severe	59,499	55,804	55,804
Pointing Programme	Contract let over 3 years for ongoing pointing programme and associated works. Failure to secure the funds in 2019/20 will result in significantly less properties being improved under the programme, with potential impact on the weather tightness of our housing stock. Weather tightness is a key criteria under HHSRS and failure to address such requirements could open SDC to claims of disrepair	846,400	275,461	275,461
Roof replacement	Following completion of the Section 20 process for the replacement of the roofs on the Hillside estate, SDC were notified by one of the leaseholders of a potential issue not covered within the scope of works. An independent survey of the property in question has confirmed a number of the issues raised by the leaseholder and we are now in the process of commissioning additional surveys to the various property archetypes to establish the extent of the problem. The roofs are in desperate need of replacement having reached the end of their useful asset lifespan and failure to secure these funds in 2019/2020 will mean the programme cannot proceed. This will lead to cost pressures on the repairs budget and may ultimately lead to structural failure of the properties.	746,636	711,805	711,805

Sheltered Homes adaption	This funding is used to support a programme of installation of wet rooms in appropriate void properties. Due to the nature of the works however it is impossible to predict when works will be required. The funding is required to support the continued delivery of this programme in 2019/2020.	180,000	84,799	84,799
St Wilfrid's Court	A significant programme of investment is planned for St Wilfrid's Court in 2019/2020 and this funding has been held back to enable SDC to maximise value achieved through these works.	13,000	13,000	13,000
Estate enhancements	Linked to footpath improvement programme. A programme of improvements has been agreed and contract award is currently pending receipt of satisfactory references. Securing an appropriate contractor to undertake the required works was held until Feb 19 pending approval of the proposal for an increased programme of improvements in 19/20. Following council approval of the 19/20 Capital programme, the c/fwd funds from 18/19 will ensure we can deliver the required improvements more cost effectively and quickly. Failure to secure the c/fwd will result in fewer repairs being completed in 19/20 which may potentially result in increased claims to the Council for compensation due to personal injury or property damage	133,000	124,412	124,412
External cyclical repairs	Funds are committed to an ongoing programme. Commencement of the programme in 2018/2019 was delayed due to the volume of properties which required surveying; finally commencing in December 2018. Failure to secure the funds in 2019/20 will result in significantly less properties being improved under the programme, with potential impact on the weather tightness of our housing stock. Weather tightness is a key criteria under HHSRS and failure to address such requirements could open SDC to claims of disrepair	320,000	258,966	258,966

External door replacements	Funds are committed to an ongoing programme. The programme is linked with external cyclical repairs programme - the same contractor is completing both elements. Commencement of the programme was delayed in 18/19 due to the volume of properties which required surveying; finally commencing in Dec 18. Failure to secure the funds in 2019/20 will result in significantly less properties being improved under the programme, with potential impact on the weather tightness of our housing stock. Weather tightness is a key criteria under HHSRS and failure to address such requirements could open SDC to claims of disrepair	226,051	196,663	196,663
Footpath repairs	A programme of footpath improvements has been agreed and contract award is currently pending receipt of satisfactory references. Securing an appropriate contractor to undertake the required works was held in Feb 19 pending approval for an increased programme in 19/20. Following council approval of the 19/20 Capital programme, the c/fwd funds from 18/19 will ensure we can deliver the required improvements more cost effectively and quickly. Failure to secure the c/fwd will result in fewer repairs being completed in 19/20 which may potentially result in increased claims to the Council for compensation due to personal injury or property damage	12,237	11,562	11,562
Empty homes programme - improvements to property	Empty homes Delivery plan was approved by Exec in Jan 18 and included a £2m program over 3 years to purchase 20 units. Empty homes officer has successfully brought 24 homes back into use through direct action and exceeded target of 20. Case load of 20 properties is still being worked on which could result in either compulsory or voluntary purchase. Commitment has been made to Homes England to purchase 6 properties in 19/20 and a further 4 by Sep 20. The grant can be used to purchase long term empty homes and also previous council houses which have been lost through RTB. Intention is to re-profile the expected spend over the next 2 years and therefore c/fwd would support the continuation of this work	600,000	600,000	600,000
