Address: COULTISH CENTRE  
CHARLES STREET  
SELBY  
Postcode: YO8 4YA

**Project Details**

Project Title / Community Defibrillator and Cabinet  
Contact Name: KIM MCBRIDE Tel: 01757 700740

IMPACT REPORT FOR PERIOD MARCH 2019 TO OCTOBER 2019

Central Area

**Q1 In no more than 500 words please outline the key outcomes of your project.**

With the funding provided from CEF we were able to purchase a defibrillator and cabinet. We are now in the process of getting Selby Council to fit it at the Coulthsh centre on Charles Street.

**Q2 In no more than 500 words please demonstrate how the project has met the Community Development Plan objectives that were identified in the original application for funding.**

We now have a defibrillator, situated in a central location at the Coulthsh centre. Many of the properties surrounding the centre are for the elderly. The community centre is used often by many different groups for different activities. One of the reasons for wanting the defibrillator was that a member of Tava's life was saved by one.

Central Area

**Q3 In no more than 250 words please give details of any additional benefits or objectives that the project has met that were not anticipated/ outlined in the original application for funding.**

Being able to purchase the defibrillator has focused TARA on bigger projects, we are now in the process of looking for funding to upgrade the playground on Charles Street.

**Any other comments on the project and its success:**

TARA would like to thank CEF for the funding given towards the purchase of the defibrillator. It has opened the door to bigger and better things for our community.
