Details of decision:	To extend the framework contract for garden waste processing with four providers for a further 12 months.
Reason for decision:	The garden waste collection service requires the Council to have contracted arrangements for the receipt and processing of garden waste. The current framework contract was awarded in 2016 for an initial period of three years with a provision to extend for a further year. The Council has agreed an extension of contract with each provider for a further twelve months. A re-procurement exercise will be undertaken in 2020 to ensure contract succession and continuity of service.
Alternative options considered and rejected:	Re-procurement was discounted as the current providers are delivering a quality service.
