Income								
Investment Income	-454	-639	-398	-491	-702	93	-63	Additional income achieved in investment interest due to buoyant cash balances and favourable investment returns. Includes income streams generated from loans to the housing trust and property fund investments.
Recharges	-3,052	-11,148	-7	-7	-11,146		2	Savings generated on pension charges and external audit fees lead to a reduced recharge to the HRA for its share, offset by additional allocation of Bank Charges the costs of which have increased and are reported below.
Customer & Client Receipts	-6,534	-6,517	-4,984	-5,236	-6,189	253	328	There are a number of income shortfalls including Planning Service Income £160k the majority of which is due to large applications not coming forward as anticipated, Recycling income which is currently forecasting a £101k shortfall due to the low rate received per tonne for recyclable materials now not covering the costs of bulking. The Warden Lifeline Service is currently predicting a £41k shortfall in income, numbers of customers grow slowly but a marketing plan is being implemented to promote the service offer. Land charges income is anticipating a £29k shortfall, due to demand, there is an anticipated shortfall in industrial unit rents of £51k due to occupancy levels and lettable condition and Assets Team Trading activities £50k due to capacity issues in the team. Income from the sale of bins for new developments is predicted to exceed budget by (£16k), Licence income should exceed budget by (£19k), including Taxi licences offset by increased test fees, CIL Admin contributions exceed budget by (£12k) and ERDF contributions (£11k) towards an Economic Development Post.
Government Grants	-14,442	-11,792	-9,002	-8,944	-11,860	-58	-68	In conjunction with benefit payments below, lower demand for benefits and the introduction of Universal Credit continues to see a reduction in subsidy received, this is offset by reduced benefit payments below and impacts at over £4.1m. DWP new burdens grants total (£30k) including Universal Credit Admin changes and (£19k) DWP grant contributions towards the impact of legislative changes to our benefit systems.

Employees	8,147	8,700	6,217	6,441	8,486	-224	-214	A vacancy factor of £353k was set for the 2019/20 budget. The forecast indicates that if the current level of vacancies occurring is maintained, this target will be exceeded by a small margin. Of the salary saving £106k relates to funded posts, particularly P4G due to slippage in recruitment, a corresponding reduction in reserve contributions features in the Accounting & non service budgets line below.
Premises	743	764	575	559	722	16	-41	A number of variances that make up this forecasted saving, the largest being (£18k) for closed burial grounds repair work. Repairs required have been identified, but there are difficulties getting faculty permission for the work.
Supplies And Services	8,716	11,197	6,630	6,443	10,936	187	-262	Supplies & Services is made up of a sizable number of variances, the main ones being, (£10k) on the overall waste collection service, particularly from the recycling service but costs offsetting this include the costs for skips for street waste and fly tipping and additional round and disposal costs, this will be closely monitored. Savings are anticipated for Development Management office & specialist costs (£15k), Business Support Office costs (£7k) and partner payment to NYCC for their share of income (£27k) due to the reduced income forecasts mentioned in customer & client receipts, Closed Burial Ground safety works (£18k) due to difficulty getting faculty approval, savings of (£35k) across the CEFs, Scrutiny & Standards Board Savings (£19k), dividend from the Building Control Partnership (£7k), due to reserve balances exceeding the maximum allowed from 2018/19, Democratic Service support costs (£12k) and reduced External Audit Fees and an Audit Commission refund (£15k). These savings are offset by, increased hours from the NY Regional Strategy Officer £8k and Bank Charges £17k.
Transport	166	144	118	108	146	10	2	Number of small variances across the provision of car allowances and associated transportation costs.
Benefit Payments	13,670	11,195	8,014	8,033	11,195	-19		There continues to be a reduction in housing benefit claims caseload as Universal Credit rolls out reducing significantly the level of payments compared to last year.
Support Services		8,069			8,069			
Third Party Payments	-22	-20	-14	-13	-18		1	Impact of actual inflation on the Leisure Services contract against budgeted estimate.
Drainage Board Levy	1,685	1,720	1,704	1,704	1,704		-17	Inflation increases anticipated when setting the budget were higher than actual levies.
External Interest Payable	82	75	32	32	75			
Contingency		317			125		-192	The contingency budget is made up of £100k Operational and £286k Commissioning (£150k Original Budget + £136k Carried forward). The forecast assumes that it is all fully committed. To date further commitments from this budget total £35k Operational and £90k Commissioning leaving a total uncommitted balance of £221k.

Savings Plan

Strategic Category	General Fund - Potential Saving	Original Risk in Budget	2019/20 Target £000's	Forecast £000's	2019/20 Remaining Target £000's	Update/Comments
Growing resources	Income generation	High	12	0	12	No income streams have been increased beyond inflation nor new income streams introduced. Nothing further is anticipated for this in the current year, and it has been proposed to remove targets on this in future planned savings although opportunities will still be sought.
Growing resources	Asset rationalisation	Medium	76.5	20	56.5	Additional income has been generated from a number of sources. The remainder of this saving however is dependent upon the move from Market Cross. The move of the contact centre is anticipated to happen in the near future, but the negotiations on the lease at Market Cross are still ongoing. Alternatives such as sub-letting and alternate uses are being considered should the negotiations be unsuccessful.
Growing resources	New SDHT Loans	High	100	96	4	Loans include Riccall, Ulleskelf, and Ousegate, all of which contribute towards this target. Existing loans will generate £114k in total this year, £96k of which contribute towards this target. The revised and expanded Housing Development Programme agreed by Executive in January 2018 identifies a significant role for the SDHT in delivery which will provide further loan opportunities for SDC, although the timing of these new opportunities will only become clearer as the programme progresses.
Growing resources	Commercial property acquisition	High	50	0	50	The current programme for growth has £3.5m earmarked for commercial property acquisition which will generate a direct return on investment. To date this has been used to acquire two vacant former banks. Whilst these are not expected to make an ongoing revenue stream in the current financial year, a sale on the property in Selby is currently being negotiated. There have been no further acquisitions at this stage, this will be updated as and when new acquisitions occur.
Growing resources	Property Fund Investment		200	195	5	An investment was made in October 2018 into 2 property funds with an estimated net return of 4% per annum. At the end of Q3, this investment has made 4% but the invested sum has reduced meaning that overall returns are forecast to be £193k. This will be kept under review as returns for the full year are subject to fund performance.

Strategic Category	General Fund - Potential Saving	Original Risk in Budget	2019/20 Target £000's	Forecast £000's	2019/20 Remaining Target £000's	Update/Comments
Growing resources	Increase cap on investment income - NEW		50	50	0	£300k cap included in MTFS with an increase in this cap to £350k proposed in planned savings. Potential to reassess and increase if outlook for interest rates remains high but reducing balances will counteract so this brings some risk. This will be achieved in 19/20. Thereafter this will be kept under review and confirmed as cashflow forecasts are updated and interest rates are known.
Total Growing Resources		0	488.5	361	127.5	
Transforming	Process improvements /on-line transactions	Medium	200	137	63	The Channel shift project is currently being delivered and savings from this are starting to be recognised. There have been savings made through natural turnover where the benefits of digitalisation have led to increased efficiency plus additional savings generated from reduction in paper and postage as a result of increased usage of IT. Further benefits from this are expected to be achieved as the projects continue to roll out, but some of this will be in the next financial year.
Transforming	Planning service review	Low	100	15	85	A review is currently taking place. The current expectation is that £60k of annual efficiencies can be found in the service and this will be updated once the review is completed. The review is being undertaken with a view to maximising efficiency whilst ensuring no detriment to service delivery, and the final confirmed position achieved will reflect this aim. Any savings generated from the review will be introduced late in the year, so at present a quarters saving is forecast.
Total Transforming		0	300	152.032	147.968	
Commissioning	Environmental contract	Medium	40	0	40	The environmental saving target of (£40k) will not be delivered in year. However it will be tied in with the investment in a standard rear loading collection fleet and area based working and a range of opportunities to increase the efficiency of contract delivery which are being explored currently. There is potential to exceed the target in future years. This provides the opportunity to maximise operational efficiencies which will be captured as part of the formal contract variation to deliver cashable savings in 2020/21 and beyond.
Commissioning	Procurement partnership	Low	12	12	0	Selby has exited from the North Yorkshire Procurement Partnership in April 2019, which will achieve £12k saving
Collaboration	Work carried out for third parties	High	30	0	30	This work with another District Council has now ceased. There is currently no third party support being provided to others.

Strategic Category	General Fund - Potential Saving	Original Risk in Budget	2019/20 Target £000's	Forecast £000's	2019/20 Remaining Target £000's	Update/Comments
Commissioning	Contract renewals	Medium	10	2.7	7.3	The renewal of the public conveniences will generate a saving of £16k per annum and will commence in February 2020. The renewal of the photocopier contract will taken place in early 2020 now. The CCTV contract has been extended for a further year while changes to how this is delivered are considered.
Total Collaboration & Commissioning		0	92	14.7	77.3	
Technical/housekeeping	Remove contributions to pension reserve - NEW	Low	100	100	0	This mitigates above inflationary rises in future pension contributions - risk to be managed within base budget from 2019/20.
Technical/housekeeping	Reduce contingencies - NEW	Low	160	160	0	£260k is included in the revenue budget to cover unforeseen items - £110k for operational items and £150k for additional commissions from the Executive. This option would reduce the operational contingency to £100k (the minimum advisable for operational purposes) and draw down funding from the Contingency reserve for additional Executive Commissions as part of the annual budget process. The Contingency reserve would be topped up through windfalls/in-year surpluses.

Strategic Category	HRA - Potential Saving	Risk	2019/20 Target £000's	Forecast to Achieve Q1 £000's	2019/20 Remaining £000's	Update/Comments
Transforming	Process improvements /on-line transactions	Medium	194	7	187	The new housing/asset management system is in the process of being implemented. There have been delays in the development of the new software modules by the supplier which has resulted in phase 2 (where most savings are expected to be implemented) slipping into early 2020/21. The savings that will be recognised this year related to the saving on maintenance costs.
Commissioning	Commissioning & collaboration	High	8	0	8	Opportunities will continue to be considered for savings on contracts, but there is no current view on where this saving may be generated from.
Commissioning	NYCC Procurement Partnership	Low	12	12	0	Selby has exited from the North Yorkshire Procurement Partnership in April 2019, which will achieve £12k saving.

Ousegate, Selby scheme - Handover of all 12 properties has taken place in 19/20. Sites have been identified and are with the Planning Team, when approved, tenders can be completed to attain absolute costs. Discussions will then take place with SDHT to decide if they wish to progress them. Until the SDHT Business Plan is finalised current assumptions have been used for 30 new units in 2020/21 and 2021/22 with the balance of the funding in 2022/23.	2,400,000	2,400,000	6,830,942
Private Sector - Home Improvement Loans	42,407	28,271	24,271	-4,000	30,000	-12,407	Additional applications relating to defective boilers are expected due to changes in funding available through the Better Homes energy efficiency service. The year to date spend has already surpassed last year's total spend. This is a repayable loan and any repayments received throughout the year are recycled and offsets some of the spend. The balance remaining will be carried forward into 2020/21	12,407		
Disabled Facilities Grants (DFG)	630,445	420,297	164,996	-255,301	477,000	-153,445	This year the total budget available for DFG is £671,705; this is made up of £443,595 2010/20 grant and £228,110 carry forward. The carry forward is a combination of historic underspends from 2016/17 and 17/18 and additional grant that was awarded late in the financial years. Last year the entire grant was spent along with a small proportion of carry forward. The prediction this year is that 19.5% (£44,500) of the carry forward will be spent. If the number of referrals increases from NYCC more of the carry forward will be spent.	153,445

Kitchen - Decent Homes	305,076	203,387	17,295	-186,092	209,000	-96,076	SDC performance specification for works now virtually complete. Kitchen programme will be packaged with bathroom, rewires and CO detection programmes to provide more attractive proposition to the market at tender. Currently awaiting information from Efficiency North to enable completion of documentation for tender process. Tender programme slightly delayed due to finalisation of new EN Framework for these type of works. Now anticipate works will commence on site in January 2020 and will continue into 2020/21.	96,076		
Housing & Asset Management System	132,375	88,250	12,522	-75,728	100,000	-32,375	Forms part of the Housing software replacement project that will continue throughout 2019/20 Phase 1 Go Live has been deferred and now awaiting a revised date. Phase 2 should start in Q4. The next payment milestone is on Phase 1 Go Live which is likely to be Q1 2020 and will be for £30k. The remainder will be split across user testing for Phase 2 and Go Live phase 2, all should be completed by December 2020. Capital will need to be carried forward due to the current delays	32,375		
Pointing Works	575,461	383,641	468,127	84,486	534,843	-40,618	Work to complete Phase 3 of the pointing programme is continuing and scheduled to complete late January 2020 weather permitting. As in previous year's a proportion of the budget has been held back as it relates to works required as part of the proposed programme to upgrade the roofs at Hillside leaseholder scheme. A request to roll forward the balance of the budget will be submitted at the appropriate time.	40,618		
Electrical Rewires	240,000	160,000	91,076	-68,924	165,000	-75,000	SDC performance specification for works now complete. Bathroom programme has been packaged with kitchen, rewires and CO detection programmes to provide more attractive proposition to the market. Delays in finalisation of tender documentation through EN have resulted in programme slippage. Tender issued on 27th November 2019 with closing date of 18th December 2019. Contract start now scheduled for 20th January 2020, which will affect programme spend in 19/20. Budget has been re-forecast accordingly and the balance will be carried forward into 2020/21 to complete the works.	75,000		
Bathroom Replacements	134,400	89,600	8,899	-80,701	20,000	-114,400	SDC performance specification for works now complete. Bathroom programme has been packaged with kitchen, rewires and CO detection programmes to provide more attractive proposition to the market. Delays in finalisation of tender documentation through EN have resulted in programme slippage. Tender issued on 27th November 2019 with closing date of 18th December 2019. Contract start now scheduled for 20th January 2020, which will affect programme spend in CY. Asbestos Surveys	120,000	80,000	41,400	-38,600	60,000	-60,000	We continue to commission asbestos surveys for all properties identified as part of this years capital investment programme, as well as all void properties. Delays in commencement in delivery of the capital investment programme will impact spend in CY on the survey and removal budget. The budget has therefore been reforecast to reflect the programme slippage and the balance carried forward into 2020/21 to complete the works.	60,000		
External Cyclical Repairs (Painting & Windows)	418,966	279,312	123,714	-155,598	188,714	-230,252	Work to deliver Phase 2 programme of the window and door improvement programme has now been commissioned, with a number of urgent replacements scheduled for completion before Christmas 2019, and the bulk of the programme commencing in January 2020. As the programme of works will address all properties previously identified on what was known as the 'mop up list' the team are now pro-actively seeking properties for inclusion in this and future programmes in line with our aspirations to move towards a cyclical programme of elemental replacement. The budget has been re-forecast to reflect expected expenditure completed in 19/20, although the balance will be required to be carried forward to 20/21 in order to fulfil our contractual obligations.	230,252

Central Heating System Replacements	601,773	401,184	320,055	-81,129	550,000	-51,773	Progress on delivery of our gas central heating upgrade programme is ongoing. We are still expecting to replace 106 full systems in 19/20. We are currently forecasting an underspend in 19/20, although this is deliberate at this stage as we seek to retain funds for unforeseen breakdowns over the winter period. The budget has been re-forecast to reflect this position although we will keep this under review and may seek to increase install levels to absorb the underspend if 'just in time' failures do not materialise. The remaining budget will be carried forward into 2020/21 to complete the works.	51,773		
Roof Replacement	1,111,805	741,205	2,495	-738,710	30,000	-1,081,805	Following the approval of the HRA Business Plan and associated Capital programme, the scheme has been rebalanced and there is no longer a requirement for this accumulated budget going forward.	0		
Damp Works	348,110	232,075	204,832	-27,243	348,110	0	Work to deliver damp related improvements continue to be addressed as they are identified.	0		
External Door Replacements	354,263	236,177	217,035	-19,142	280,000	-74,263	Work to deliver Phase 2 programme of the window and door improvement programme has now been commissioned, with a number of urgent replacements scheduled for completion before Christmas 2019, and the bulk of the programme commencing in January 2020. As the programme of works will address all properties previously identified on what was known as the 'mop up list' the team are now pro-actively seeking properties for inclusion in this and future programmes in line with our aspirations to move towards a cyclical programme of elemental replacement. Window replacements	333,300	222,200	911	-221,289	709	-332,591	Due to the way the budgets are currently structured there are currently multiple elements funding the same works. The aim is to streamline this in 20/21 to reflect the nature of the delivery programmes. In terms of window replacements in 19/20, the Phase 2 programme has now been commissioned and a number of urgent properties will be completed prior to Christmas 2019, with the bulk of the work commencing in January 2020. The window element of the programme has been forecast currently to be met entirely from SZ5010 1031 which means SZ5017 1031 will significantly underspend in 19/20, albeit the funds will be required in 20/21 to meet our contractual obligations. The outturn position has been re-forecast to reflect this position.	332,591

Void Property Repairs	145,000	96,668	97,500	832	145,000	0	Although difficult to predict when void properties requiring major elemental replacement will come in, there are already a number of such properties within the team's void programme currently. We are continuing to work through the backlog of void properties which require major elemental replacement and are making good headway in getting the numbers down and properties back in to use. Although the nature of the programme is such that accurate prediction of the outturn position is difficult, the number of properties we are receiving which require major refurbishment shows no sign of abating.	0		
Fencing Programme	60,830	40,555	54,004	13,449	60,830	0	We are continuing to pro-actively address legacy fencing issues, replacing dilapidated concrete post and wire fencing with timber fencing; whilst also picking up new requirements as they are reported to us by our customers.	0		
St Wilfrid's Court	113,000	75,333	0	-75,333	113,000	0	The programme scoping meeting identified requirement for significantly more investment than is available in the current budget, necessitating a separate bid for 2020/21. The current budget will therefore be utilised to address some of the higher priority issues identified during visit, as well as any essential health and safety related works. Currently awaiting costs for completing an Electrical Installation Condition Report of the Landlord's supply within the property as this has been identified as an urgent requirement of the Fire Risk Assessment. Given the age of the installation it is possible this will highlight significant works which will impact on what else can be achieved within current budget. Costs are expected back imminently and we are still expecting the testing and any remedial works to commence in January 2020.	0		
Laurie Backhouse Court	38,231	25,487	33,723	8,236	33,723	-4,508	Works to replace the lift carriage are now complete. The outturn has been amended to reflect actual spend.	0

Sheltered homes adaption	249,799	166,533	78,648	-87,885	120,000	-129,799	The nature of the voids programme makes it impossible to predict when suitable properties will be received which will benefit from adaptation; hence the outturn forecast has therefore been predicted forward and adjusted based on spend to date with the balance being carried forward to 2020/21.	129,799		
Empty Homes Programme - Improvements to Property	1,300,000	866,668	153,510	-713,158	750,000	-550,000	This supports the Empty Homes Programme and is available to purchase Empty properties that will be brought back in to use and let through the HRA and former council properties sold through the Right to Buy. This is part of a 3 year programme to fund the purchase of 20 properties and includes S106 and Homes England Grant funding. We aim to purchase 6 properties in 2019/2020 and are currently progressing with the Compulsory Purchase of a long term empty property and have identified a number of properties suitable for voluntary purchase. In Q2 we completed our first acquisition and purchased a former council property that had been sold through the Right to Buy and in Q3 we have completed on a further 2 acquisitions, 1 of which was a long term empty property. These properties have been added to the HRA and will be let at an affordable rent. The balance will be carried forward into 2020/21 to complete the programme.	550,000		
Fire Risk Assessments	100,000	66,668	21,565	-45,103	60,000	-40,000	Work to pull together a programme of repairs and replacements identified under the FRA programme is continuing. The works are expected to be packaged and ready for tender via the market in early January 2020. This is however likely to result in works not commencing until mid-February which will impact spend in 19/20. A request to carry forward the balance of funding to ensure this essential works can be undertaken will be submitted at the appropriate time. The forecast outturn has been amended to reflect anticipated spend in 19/20 only with the balance to be carried forward to complete the works in 2020/21.	40,000		
Co Detection Programme	226,600	151,068	1,025	-150,043	6,500	-220,100	SDC performance specification for works now complete. The CO detection programme has been packaged with kitchen, bathroom and rewire programmes to provide more attractive proposition to the market. Delays in finalisation of tender documentation through EN have resulted in programme slippage. Tender issued on 27th November 2019 with closing date of 18th December 2019. Contract start now scheduled for 20th January 2020, which will affect programme spend in CY. We are however continuing to install CO detection as a requirement is identified via our in-house team on an ad-hoc basis in the meantime. The outturn forecast has been updated to reflect the current position with the balance to be carried forward to complete the works in 2020/21.	220,100		
Communal Area Refurbishment	230,000	153,335	0	-153,335	25,000	-205,000	The delays and additional works encountered in bringing forward the kitchen, bathroom, rewire and CO detection programmes has impacted our QS/ME consultants ability to devote sufficient time to development of the communal area refurbishment programme. Consequently, it is now anticipated that this programme will not commence as originally planned. It is now envisaged that the specification will not be fully developed and ready to go to market until late January which will significantly impact spend in CY. The outturn forecast has therefore been adjusted accordingly with the balance to be carried forward to complete the works in 2020/21.	205,000		
Energy Efficiency Programme	150,000	100,000	40,100	-59,900	150,000	0	Work to upgrade the first seven properties included in the energy efficiency programme is continuing. Due to the higher than anticipated costs per heat pump, we are currently holding back on approval for the 3 remaining pilot properties to ensure sufficient funding is available. The outturn has not therefore currently been amended.	0		
Sewage Pump replacement programme	120,000	80,000	202	-79,798	60,000	-60,000	A specialist drainage engineering consultancy has now been commissioned to review our existing portfolio and to provide options for upgrade, replacement and/or connection to mains sewerage where possible. The programme of inspections is due to be completed by mid-December and initial findings and recommendations available mid January. Priority actions will then be determined to ensure SDC maintains compliance with forthcoming revised legislation. As with other programmes however, the delays encountered on the kitchen etc. programme have had a knock-on effect on our QS's ability to dedicate time to the programme, which will impact spend forecast in CY. The outturn has therefore been adjusted to reflect this position with the balance to be carried forward to complete the works in 2020/21.	60,000

Healthy Living Concepts Fund	Angela Crossland	116,791	23,750	116,791	0	The Selby Health Matters group have now finalised a 3 year action plan to support delivery of local initiatives for which this fund will support. 2019/20 P4G allocation is the final year contribution to this fund. Current projects underway are the Local Cycling and Walking Infrastructure Plan which has a committed amount from the fund of £47.5k. The work commenced in Dec 2018 and is due to conclude by the end of 2019. There is work underway with Selby Health Matters and IHL to shape two projects. One on developing active travel information and supporting walking and cycling. Budget outline £10k for this. One on a 3 year healthy schools zone pilot nutrition and activity project to tackle childhood obesity. Budget outline £35k for this. Yorkshire Wildlife Trust are also working up a project outline to develop community activity on Barlow Common and consider the use of the venue for nature tourism/health and well being partnerships (2020-2021).	46791	0	0
Visitor Economy (Tourism & Culture)	Angela Crossland	477,229	84,163	477,229	0	Budget represents a 3 year programme which will be complete by 1/10/22. Year 1 was about creating the foundations. Whilst the initial period has seen very little expenditure, the foundations for delivery have been put in place, including 2 quality officers being recruited into the delivery posts. These helped with the delivery of the two major cycle races. The team have also led on securing funding to support some of the Selby 950 celebrations (see project below) and in delivering the programme. The emphasis of the work to date has been on: <ul style="list-style-type: none"> Developing baseline and evaluation data to build a picture of what events and activities bring to local business and audiences. Establishing strong business and community relationships to continue activity, strengthen visitor products and build legacy partnerships and capacity in the district's visitor, heritage and creative sectors; Establishing baseline data on audiences, visitors and how these demonstrate the strength and response to our district offer. The 2019/20 financial year has seen a sustained period of delivery to date. It is anticipated that expenditure will include: £32,905 on data capture, monitoring & evaluation (including social and economic impact studies for Selby 950); £6000 on business events and networking; £20,000 on Visitor Economy place branding and marketing; £1500 to service the Tourism Advisory Board; £7500 on our partnership with Visit York to ensure Selby District businesses receive maximum benefit; £3000 to develop Visitor Information Points; £5000 for niche trail maps; a modest investment in an extension of the Explorers Road project to extend its reach to the American market. We have also invested an additional £3000 in increased marketing activity via our partners, Make it York. The Arts Council has confirmed that it will give £6000 for the development of a new cultural plan, which we will match with £8000. This work won't be completed until the next financial year.	230000	105229	
Celebrating Selby 950	Angela Crossland	62,949	7,480	62,949	0	The budget represents SDC's contribution to the major programme of events to celebrate Selby 950 being led by SDC in partnership with other key stakeholders in the town and is also partially funded by external funders. Match funding was awarded by ACE (£70k), HLF (£45k) and Drax Group plc (£20k) which has enabled an exciting and engaging programme of work to be delivered in 2019/20. Successful events such as Selby Sings (involving 250 school-children singing in the Abbey) and the St Germain parade (involving 450 in its preparation and many more watching in the town) have generated significant regional and local media coverage and positive local feedback. The Hidden Histories and Selby Treasures projects will complete what has been a very fully and successful year of events in February 2020. There has been some additional spend on the Illumination of Selby Abbey (as the project has been more complex than originally envisaged) but the expenditure is within the planned budget.	12949	0	0

Marketing Selby's USP	Mike James	34,895	16,913	34,895	0	<p>This is the final stage of the 18-month Place Branding project. The project objectives are to support investment and jobs by telling a positive story of the district as a place to do business. We've been delivering this through a series of stories - relating back to our Economic Framework objectives - and working with others, such as the LEPs, to maximise the reach of our material to the relevant audiences. We undertook a full project review and have an updated delivery plan to take us to the end of March 2020.</p> <p>The project continues, along the following themes:</p> <ol style="list-style-type: none"> 1. Targeting marketing - a number of media partnerships have been set up to help push key updates about the business and lifestyle 'offer' of the district. These reach targeted business audiences, as well as working with local media to highlight the positive impacts of growth on jobs and opportunities for existing residents. 2. Creation of a new business-specific web microsite - this helps to better support business interactions. 3. We have assigned some investment in promotional material to support Selby District Business Week in March 2020, this will help us to directly engage with our own business community and demonstrate the benefits of investment in the local area. 4. Continuing to build a library of case studies that tell the story of the district's business offer, which can be used to support all types of communication and marketing activity about the area. 	0	0	0

Future projects will include working up the TCF proposals to the required business cases and, should funding be awarded, developing detailed designs. Discussions are underway with NYCC and the YNYER LEP re jointly funding a Places and Movements Study for Selby to improve traffic movements and create more pedestrian and cycle-friendly spaces in the town centre. Should the TCF bid be successful some expenditure on developing the funding bids can be recouped and returned to this budget.	28317	0	0
Access to Employment	Iain Brown	40,000	0	40,000	0	Projects within this budget will be targeted at supporting social mobility to give unemployed people in areas of higher deprivation in Selby District access to current and future employment opportunities e.g. connecting people to employment opportunities at Sherburn, the former Kellingley Colliery, Church Fenton etc. Future initiatives being reviewed against this budget include the opportunity to support future LCWIP projects linking residential communities with employment hubs and opportunities related to electric bike programmes.	20000	20000	0
UCI Road World Championships	Angela Crossland	65,000	67,418	71,000	6,000	The Leeds City Region Business Rates Pilot Pool has agreed to fund the £25k start fee for the Tadcaster event in line with the funding provided for other starts and finishes across the LCR. This will go back into the P4G programme as contingency to fund other important P4G related work e.g. asset strategy. Project now complete and final closedown payments in process.	0	0	0

Empty Homes	June Rothwell Simon Parkinson	88,455	45,189	88,455	0	Overall the project is progressing well and the Empty Homes Officer has directly helped bring empty homes back into use in line with the targets set by offering advice and assistance to owners. Homes England Grant funding has been secured to support the options of voluntary and compulsory purchase. A total of £390,000 has been secured, subject to individual business cases for the properties, to purchase and repair the empty homes, bringing them to a habitable standard. This indicative funding is to bring back in to use 10 empty properties up to 2020, providing up to £39,000 per property. We can also use the funding to purchase 'right to buy' buy backs and this is something we will consider on a case by case basis. We are currently pursuing our first Compulsory Purchase Order. The process is long and quite complex but a successfully CPO will send the message that this is a priority for us. In 19/20 we have brought 3 properties back into use following completion of works supported by the use of grants and loans. We are currently considering further grant and loan applications that would bring another 5 units into use.	0	0	0
Selby District Housing Trust	June Rothwell Phil Hiscott	34,850	0	34,850	0	This fund is to support SDHT's role in the more ambitious HDP approved by Executive in January 2018. A new officer has now been appointed to support the SDHT. The Trust have taken occupation of an additional 17 new affordable homes in 2018/19 delivered through new build and Section 106 acquisitions and a further 12 Section 106 acquisitions in Q1 2019/20.	10000	10000	14850

Olympia Park	Iain Brown	290,985	150,247	290,985	0	Following further detailed information about costs and technical issues at the Olympia Park development site in Selby, Selby District Council, the landowners and developers involved have reluctantly concluded that conditions attached to a government housing infrastructure grant towards site costs cannot now be met. Despite the best endeavours taken by the Council, its advisers and Olympia Park Development (OPD), the project in its current form cannot be delivered within the timescales required to access the grant offered towards infrastructure costs. Everyone involved remains fully committed to effective use of the site in the future to support existing businesses and enable the delivery of appropriate new employment space and homes. The Council and OPD now have the benefit of significant detailed technical information regarding the site and continue to work together to unlock its significant potential for development, particularly given the close proximity to the town centre and railway station. The Council is in discussion with OPD regarding the scope for a significant employment development on the site and, on this basis, has retained a pedestrian and cycle footbridge to the site from the town centre and station in the TCF proposals. Further details will be provided once further discussions have taken place.	140738	0	0
Making our Assets work	Iain Brown	86,593	70,977	86,593	0	The budget is targeted at funding due diligence work to bring the Council's own land assets to the market. These include small garage sites, Portholme Rd, Egerton Lodge, Barlby Rd depot and Bondgate. This work is ongoing through to Q4	0	0	0
Housing development Feasibility Work	Phil Hiscott	100,194	114,604	100,194	0	Housing development feasibility project to identify viability of sites for development. Phase 2 feasibility costs to be reviewed & transferred to the individual development budgets as the projects progress. Currently overspent due to feasibility costings to date, this will be recovered should the capital schemes for phase 2 go ahead, if phase 2 schemes do not progress the overspend will have to be funded from other P4G budgets.	0	0	0

Commercial property acquisition fund	Iain Brown	3,039,424	0	3,039,424	0	This budget will be used to acquire strategic development sites consistent with the Councils regeneration and commercial development opportunities, in some instances this may be used to match fund acquisitions as part of the TCF bid submission. The current live project being developed with funding from this budget is the purchase of a site near Selby Station to provide temporary additional car parking. A significant amount of funding from this budget has been put forward as match funding within the Council's TCF proposals for Selby Station.	1000000	1000000	539424
High Street shop fronts	Angela Crossland	100,000	0	100,000	0	The Project Fund is a match fund contribution to the successful High Streets Heritage Action Zone (HAZ) bid. We are now in Programme Design Stage until December 2019 to identify the programme specifics and how the fund will be spent. This is a 4 year funding programme to commence April 2020, therefore no forecasted spend in 19/20. This initiative is also inter-dependent with Towns Masterplan and Revitalisation projects. A project officer has now been assigned to lead this from within the Communities and Partnerships team. We anticipate that this funding line will amalgamate into the HAZ project allocation with New Lane public realm development and in partnership with car park improvements for the Back/Micklegate area to unlock the additional funding provided by Historic England for delivering the HAZ programme	0	50000	50000
