

Riccall & District Resilience Plan

Supported by Eastern Community Engagement Forum & Riccall Parish Council

5 February 2018

Dear Members

Following on from our recent 3rd monitoring report in December 2017, we would like to make an interim report.

We are currently moving forward with our plans, however, one of our partner villages has indicated that they are re-considering their relationship with the group. We are arranging to meet with Kelfield Parish Council to discuss this and will update the CEF on the outcome of the meeting, which is likely to take place mid -March.

Yours sincerely

Sandra Botham
